A quintic comprised of Snyder and Tomb at forwards, Engle and Bes-dek, guardis, and Hamilton at center has shown up well in the practice tilt. Snyder, former gearling quar-terback, scored repeately with short shots under the basket, while Tomb parted with him, passed effectively during the scimminges

during the scimmages Hamilton, who was shifted from a guard position to the pirot assign-ment, has proved a consistent scorer. Added by his height, he is a strong factor in his team's offensive. At guard Engle has been outstanding, both on the defense and in scoring attempts.
