 During the last four years, the Wannamaker Mile has been won by Joe Ray, Nurmi, Connolly and Lloyd Hahn. It is almost certain that Nurmi will bear away the laurels again this year.

With the 1930 *La Vie* make-up book complete, the printers are returning proofs of the junior and fraternity sections while the binders are rushing work on the cover.

The completed fraternity section limits each fraternity to one page. Pictures on the left hand page will have the photo of their houses in the upper right hand corner and those on the right side will be presented in the upper right hand corner.

In the center of each page the house shield will be shown in secondary sanguine color. Above this the names of the fraternity members will be printed in black type. The chapter picture is placed directly beneath the shield.

"Such popularity must be deserved!"

To an outsider, the time and trouble taken to produce a Chesterfield might seem as unnecessary as the sabre-scars so proudly worn by students of pre-war Heidelberg. But popularity is much the same the world over - you don't get it for nothing.

But any short-cuts in the time it takes to cure and mellow the Chesterfield tobaccos, or one step the less in blending and balancing them

- would end up in something that wasn't Chesterfield. And you wouldn't like that.

So we'll stick to our old system - getting the right tobaccos, blending them the Chesterfield way, never sacrificing character, body, flavor to mere mildness.

We want to keep our popularity, now that we've earned it - and we know no better way than to keep on earning it!
