YEA FRESHMAN!

More and more it seems that we must look to the young blood for the greatest progressive steps. We of the upper classes pride ourselves on our dignity and our superiority, and are in constant danger of becoming egotistically immune to any worthwhile plans of our colleagues in the lower classes. We almost scorn their ability—that is, until some one of their exploits explodes into our consciousness with a terrific bang. Then we quite suddenly straighten up and begin to wonder. Reluctantly, at first, we concede that their idea is a good one and try to figure out why we had not thought of it ourselves. Some of us rationalize and justify our own oversight. Usually, however, we are forced to grant that we just did not have enough initiative, enthusiasm, and courage to carry through such a project.

At the present time it is the Freshman Carnival which arouses our interest and even our admiration. We may have been cynical when the scheme was first discussed. We may have said that such things have been tried before. But now on the eve of the Freshman Carnival we realize that their plans have been made with so much care and so much co-operation between the men and the women of the freshman class that now there is little danger of any failure of their plans.

And it is precisely at this point that we upperclassmen must congratulate the freshmen men and women. The under classes have again gone us one better. We should be glad to recognize their progress.

Trekking Club Holds Party at Lytle Cabin

The Trekking Club, which is under the supervision of the Woman's Athletic Association, held a week-end party devoted to winter sports at the Andy Lytle Cabin on February 23-24. This is the first project of such a kind ever carried out by a group of girls and as Miss Marie Haidt, chaperone of the group said, "It was the most successful affair of that sort that the girls have ever had."

The party of about twenty girls, carrying with them skis, snowshoes, and sleds, left in a sleigh Saturday afternoon. After supper sports on the hills around the cabin provided activities for the evening.

Early the next morning the Home Economics girls prepared an old-fashioned breakfast of sausage, pancakes and fried potatoes. More skiing and tobogganing followed and the week-end of sports terminated with a ride back to town in a bob-sled.

This was the first over-night trip of the year for the Trekking Club, as well as a new diversion for all the girls who went on the outing, and the officials of the organization have had several suggestions for similar events during the remainder of the year.

Cox Will Defend Indoor Mile Crown Tomorrow

(Continued from first page)
In Red Morrill and Cal Shawley, Coach Cartmell has two good competitors for the 35-pound weight event. The giant Georgetown boy, Leo Sexton, in practice has beaten 53 feet in the weight throw, and is expected to carry off first place.

The Lion mentor is basing all hopes of scoring on the mile, 2-mile and 35-pound weight events. He estimated several days ago that Penn State might possibly score seven points, but there is little likelihood of any more.

To comprise the 2-mile relay team, Bachman and Rekers will accompany the squad of Nittany trackmen tonight. Offenhauser and Cox will double up to round out the quartet New York university at present holds the title for this event.

Penn State will have McDowell as the sole representative in the high hurdles. He will encounter John S. Collier of Brown, defending champion. Bowie and Stookey are scheduled to bear the Blue and White colors in the 70-yard sprint. In a practice meet a few weeks ago, Stookey approached the College record. Jimmy Dalry of Holy Cross, surprise winner last year, will defend his title in this event.

Sports writers are divided as to the likely team winner, but from the records and ability of Penn, Georgetown, New York university, and Cornell trackmen, it appears quite likely that one of these four institutions will carry away the team title.

There is extra enjoyment in the use of it, which I will make known to my friends and continue the pleasure myself.

Lion Wrestlers Meet Midshipmen Tomorrow

(Continued from first page)
of whether a fall is scored during the first period on the mats the second period must be wrestled. In case of a time advantage the award goes to the side having the longest advantage. Scoring in the national rules is the same as that formerly used in the eastern intercollegiate association, five points for a fall and 3 for a decision.

Lehigh handed the Navy wrestlers a 15 to 8 defeat earlier in the season in a match at Annapolis. A smaller score or a larger one is necessary for the Lions if they wish to keep their high ranking with the Lehigh grapplers.

Fisher May Wrestle
Results of the mid-week bouts Wednesday were very satisfactory to Coach Speidel. With competition for positions on the varsity at such a high pitch, both first and second teams gave a good exhibition of their wrestling knowledge. Fisher, in winning over Pearce in the unlimited class, gave such a good account of himself that he will probably make the trip with the team today.

Steele and Crammer also showed great improvement during the week. The competition bouts giving them a few finisher touches needed for some of the new holds. Wilson, Hubler,

Eisenman and Campbell had little difficulty in retaining their regular positions. All four men are expected to turn in victories in tomorrow's fray.

Proper condition is still being stressed to an extent by Coach Speidel. Special conditioning drills are held at various times during the week.

Health is everything

CLASSES, campus activities, social events and sports demand health.

But constipation can steal your health. Its poisons permeate the system, sap vitality and often cause serious illness.

Kellogg's ALL-BRAN, because it supplies roughage in generous quantities, is guaranteed to bring prompt and permanent relief from constipation—even in chronic cases. Just eat two tablespoonfuls every day. With milk or cream or fruits or honey added. Ask for it at your campus restaurant or have it served at your fraternity house.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Corn Flakes, Pep Bran Flakes, Rice Krispies, Krumbles, and Kellogg's Shredded Whole Wheat Biscuit. Also Kaffee Hag Coffee—the coffee that lets you sleep.

IT WON'T BE LONG NOW!
The Latest Wonder of the World is Here
Vitaphone and Movietone
Sound and Talking Pictures That Are Pictures!

Over three tons of equipment for the installation of Vitaphone and Movietone arrived in State College last week. A crew of electrical experts has been working day and night this week to prepare for the opening of this marvelous development in motion pictures to the general public.

The opening date is very near. It will inaugurate a new era in entertainment for the theatre-going public of State College and Centre County. Nothing you have seen or heard in the past can compare with what is to come. Those who have never been thrilled by the wonderful qualities of Vitaphone and Movietone can anticipate entertainment such as they have never had before. Whatever you SEE, you will also HEAR. The silent drama has come to life.

The Cathaum Theatre takes pardonable pride in bringing to State College Vitaphone and Movietone, the finest systems of sound reproduction that it is possible to obtain. Only the best was good enough, and the management preferred to accept delay and the enormous cost of this superb equipment rather than bring to its patrons anything but the genuine Vitaphone and Movietone, which are thrilling the world.

Announcement of the opening will be made soon, very soon.

WATCH FOR THE DATE!
