

VARSITY TRACKMEN COMPETE IN PENN RELAY CARNIVAL TODAY

COACH TO ENTER 14 LION RUNNERS

Nittany Entries Will Participate in 7 Contests—Cartmell Changes Line-up

Competing against the cream of the collegiate track world, fourteen Lion athletes will enter seven events at the thirty-fifth annual relay carnival of the University of Pennsylvania in Franklin field today and tomorrow.

Coach Nate Cartmell has made several last minute changes in the Nittany entries. Penn State will be represented in the quarter, half and four-mile relays, 3000 meter steeplechase run and the hammer, javelin and discus events. McDowell has been forced out of the 120-yard high hurdles by an injury to a back muscle in practice Saturday, while Ruffell was selected to compete in the steeplechase after Tuesday's workout.

In order to concentrate on the four-mile contest, the Nittany entry in the distance medley relay championship will be withdrawn. Coach Cartmell plans to conserve Captain Bill Cox and George Offenhausser, who had been scheduled to carry the baton in the medley competition today, for the four-mile relay tomorrow by this move. Penn State will thus relinquish the medley relay title won by Karbach, Kittle, Offenhausser and Cox at last year's games.

Lion Relay Strong

The four-mile college relay race for the championship of America will be the Lions' strongest point-scoring possibility. Eighty-four trackmen representing twenty-four institutions, the largest entry for this event in the history of the Relays, will face the starter. The four-mile championship, final event of the meet, is always one of the blue ribbon contests of the meet.

George Offenhausser, Paul Rekers, Chick Meisinger and Bill Cox, former intercollegiate indoor and outdoor mile titlholders, will compose the Nittany quartet. Meisinger and Rekers have been recording fast times over the mile route in practice sessions, while George Offenhausser is showing noteworthy speed in the best performances of his career.

1928 Relays Score

Coach Cartmell will choose the quarter and half-mile relay men from Bowie, Stookey, Stark, Hidingger, Fleniken and Fullerton. Bowie and Stookey will compete in both races. Stark

and Hidingger will probably run on the quarter mile team, with Fleniken and Fullerton completing the 880-yard quarter.

In the quarter-mile championship contest at the 1928 Relays, the Blue and White representatives tied for first with the U. of P. trackmen. The team was composed of Bartholomew, Bates, Kilmer and McCracken. In the half-mile relay championship of America, the Lion quartet, made up by Bartholomew, Bates, McCracken and Karbach, finished second, following Ohio State to the tape.

Musser To Throw Javelin
Red Morrill will represent Penn State in the hammer throw. Morrill has tossed the weight 155 feet in practice, and has a good chance to score if he can duplicate this performance in competition. The Nittany entrant in the discus throw will be Cal Shawley, varsity football lineman. Shawley will also hurl the javelin and hammer.

Musser, holder of the College record, is entered in the javelin throw. He has been retarded by strong winds and poor weather conditions generally this year, hovering around the 160-foot mark in practice.

Completing the Nittany entry list, Ruffell, captain-elect of the cross country team, will run in the grueling 3000-meter steeplechase today.

NORMAN SPARKS TO SPEAK ON 'AUTOMOBILES' MONDAY

Mr. Norman R. Sparks of the Department of Mechanical Engineering will lecture on "Your Automobile" in room 200 Engineering D, at 8:00 o'clock Monday night. This is the third of the series of public lectures arranged by the School of Engineering.

Mr. Sparks will discuss the essential parts of the automobile, their individual functions and operations, and their coordinated mechanisms in the assembled car. He will correct popular misconceptions concerning the automobile and will explain its proper operation and maintenance.

PHYSICISTS HOLD PARLEY

Representing Penn State at the annual American Physical convention which was held at Washington, D. C., last Thursday, Friday, and Saturday were William R. Ham, professor of physics, Wheeler P. Davey, vice-dean of the School of Chemistry and physics, Walter H. Pelemeter and Marsh W. White, both associate professors of physics, and Harry R. Kiehl, assistant in Physics.

NETMEN WILL OPEN SEASON TOMORROW

Varsity Tennis Team To Oppose Franklin and Marshall At 2 O'clock

Opening the season against an experienced team, Coach Dink Stover's netmen will face Franklin and Marshall on the Armory courts at 2 o'clock tomorrow afternoon.

The Lancaster courtmen have already played two contests this season. The first contest was lost to Navy by a score of 7-to-2, and Johns Hopkins won the second 5-to-2.

They are playing the Nittany contingent as the last game on a three contest trip. Yesterday they met Bucknell at Lewisburg, and today they oppose the Juniata netmen at Huntington.

Weather Retards Lions

Captain H. L. Kahler of the Franklin and Marshall team will start the match for the visitors. The other members of the team in the order of their playing will be P. D. Eckman, B. Haselme, W. W. von Soldeneck and G. Landroth. C. R. Apple, the second-ranking member of their team, probably will not make the trip.

Hindered by inclement weather, Coach Stover's charges were not able to hold regular practice sessions until the past two weeks. Since that time a set of steady, consistent players has developed.

Captain Ed Butler will lead off for the Lions and will be followed by Hal Mentzer, the only other veteran on the team. In a doubles match, Metzner will pair with Jack Barber, outstanding newcomer to this year's squad.

Glenn Thomson, winner of the all-College tournament and last year's freshman tournament, will be the fourth man on the team. The other two members will be Ted Wolfe and Bud Johnson.

YEARLING BATTERS WILL FACE BISON

Play Opening Game Against Bucknell Pitches on New Beaver Field Tomorrow Afternoon

Leo Houck's freshman baseball charges will play their first game of the season when they encounter the Bucknell yearlings on New Beaver practice field diamond Saturday afternoon at 12:15 o'clock.

Selection of the pitcher will rest between Gates and Punds with the probability that both will see service. The catching post is a matter of doubt between Salzer, Fulvio and De Turk Helms, after playing third base for two weeks, has been shifted to first which will probably be his permanent assignment.

Lohr, who has been handling himself well at shortstop, will fill that position in Saturday's encounter and Smith will cover second with Hoops holding down the hot corner. Dietrich, Riker, Tomb, Magnotta, Dean, Eyre

BATTERS TO FACE LEBANON VALLEY

Will Oppose Anville Sluggers Tomorrow Afternoon on New Beaver Field

Victorious in both home games this season, the Penn State baseball team will meet the Lebanon Valley nine on New Beaver field at 2:30 o'clock tomorrow afternoon.

With Fry, Lockard, and Stales ready to assume duty on the mound the Nittany array is favored to repulse the Anville sluggers. It is probable that Coach Bezdek will call on all three hurlers before the end of the contest.

The same line-up will oppose the Lebanon Valley team that has been used in the other games this season.

Young will be used at first with Dohelaar at second. French will start at short stop and Albie Wolff will hold the third base post. Delp, Singley and Diederich will handle the outfield positions while Saltzman will be behind the bat for the Lions.

Coach Bezdek has been placing special emphasis on batting during the past week and it is expected that the Nittany hitters will display a more powerful attack than at any time this year.

In Dan Musser Coach Bezdek has developed a capable substitute for Albie Wolff at third base. Musser has

been fielding well during the practice sessions although he is somewhat weak at bat. Meyer Kaplan is also counted on to substitute for George Delp in left field.

WINS MAT CHAMPIONSHIP

Alpha Gamma Rho won the interfraternity wrestling championship by defeating the Theta Nu Epsilon matmen, 21-to-6 in Recreation Hall Tuesday night.

They had earned the right to compete in the finals by scoring victories over Phi Sigma Kappa, Tau Phi Delta and Sigma Phi Epsilon.

7 Reasons Why—

If you are going into business after college, here are "7 Reasons Why" you should consider Babson Institute for your business training:

1. With a fundamental knowledge of all phases of business you could determine the vocation for which your abilities and desires are most suited.
2. The work at Babson Institute requires only nine months but is very thorough and practical.
3. The business methods are of special benefit in contrast with the college environment which is so different from actual business.
4. All of the instruction is under the direction of practical business men and conducted in small conference groups.
5. You would be taught the fundamental laws of Finance, Production, and Distribution and would be shown how to apply them to actual business life.
6. The students come from many universities and are treated as business men—not college boys.
7. A graduate of Babson Institute has a prestige and training that is of real value in the business world.

Send for Booklet

Every college man who is ambitious to succeed in business should read our booklet, "Training for Business Leadership." It explains in detail the work given and the unique features of this course in business fundamentals. It shows how, by following business methods, our students are thoroughly trained for leadership. A copy will be sent free.

When spring-time days come around and you want an extra treat, just sit down to a bowl of crisp Kellogg's Corn Flakes and sliced bananas! Breakfast, lunch or supper—on the campus or off!

Kellogg's CORN FLAKES

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include ALL-BRAN, Rice Krispies, Pep Bran Flakes, Krumbles and Kellogg's Shredded Whole Wheat Biscuits. Also Kaffee Hag Coffee—real coffee that lets you sleep.

After all's said and done, the pleasure you get in smoking is what counts

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE
Camels are made of the choicest tobaccos grown. The Camel blend of Domestic and Turkish tobaccos has never been equaled.
Camels are mild and mellow. They do not tire the taste. They leave no cigaretty after-taste. Camels have a delightful fragrance that is pleasing to everyone.
