DIRECTOR SELECTS CAST FOR COMEDY
(Continued from first page)

of dramas at Windber, and has appeared in numerous Players' shows. He has played in "Nothing But the Truth," "Seven Keys to Baldpate," and "The Witching Hour." Virginia Bateman-Hopkins, of Tyone, and directress of music at Lancaster high school, has been selected to play the female lead. She is a graduate of New York university and has appeared in stock company for several seasons with the National Attractions company. She has played in Ohio and Illinois principally in musical comedy offerings.

Selects Capable Cast
Margaret H. Black, of Frederick, Md., will portray the ingenue role in the show. Miss Black is a graduate of the University of Delaware and is at present serving as superintendent of music and dramatic director in the high school at Frederick. She has had amateur experience, appearing in "Wedding Bell," "The Prince Chap," and other popular plays.

Kathleen Somers, the third female member of the cast, comes from Tannock and is a teacher in the public schools at that place. She is a graduate of Bloomsburg State Teachers college and has experience in stage work. She has directed several shows and played the leads in "Mona," "The Swan," and the light comedy "Come Out of the Kitchen."

George W. Robertson '30, the final member of the cast, will play the part of Dr. Sylvester Robertson. He is a member of the Players and has achieved considerable success with his performance of the fighter in "Is Zat So?" last season, and also appeared in "Aren't We All?" later in the year. During the regular season, he is enrolled in the School of Education. Director Neusbaum believes that he has assembled a capable cast for the performance and hopes to see the show achieve considerable success.

Students Visit Mine on Excursion

THE COAL MINE EXPRESS begins its gloomy tour under the direction of mine officials and the excursion director who point out the various points of interest in the Allegheny burrowings.

STUDENTS ENTER MINE TOMORROW
(Continued from first page)

The tourists of the day will enter the mine through an opening on a hill side and ride through the cutting in mine cars, which run on a level track into the mine. Various mechanical devices will be pointed out to the visitors. Director White states that a flashlight will be very convenient, but can be dispensed with since some light will be furnished by the guides at the mine. Old clothing suitable for entering a coal mine should be worn. Parties going on this tour should provide themselves with a lunch for noon since there will be no opportunity to buy any along the way. Lunch will probably be eaten at Lakeside Park, near Morrisdale, after visiting the coal mine. Tickets for the trip will cost \$1.75, and will be on sale at the Summer Session office in Engineering F until noon today. Reservations may also be made for the trip to Gettysburg on the following Saturday.

Teachers throughout the State. He is aided in his official work by two assistant directors, J. K. Bowmar and Frank Moey, the latter a Penn State graduate. Mr. Klonower is a graduate of the University of Pennsylvania, and after graduation taught at Southern High in the Quaker City. His talk Tuesday night will be of special interest to teachers of practical arts education, continuation school education, and vocational education. An open forum will be conducted at the close of the meeting. The two speakers scheduled to follow Mr. Klonower on succeeding weeks are H. L. Holbrook, director of guidance in the State department, and James Kilhus, acting-superintendent of schools at Johnstown.

COULD YOU LOVE HIM?

THUNDERBOLT! Big! Powerful! He hates with all his strong body! Terrible in his wrath! To the woman he loves he is the selfish possessor! Jilted by her, his mad rage turns on the man who wins her. See Thunderbolt's terrible vengeance! See his final sacrifice. Bancroft's greatest characterization! All-talking! Better than "The Wolf of Wall Street." Directed by the maker of the famous "Underworld!"

ALL-TALKING! — ALL ACTION!
