

Work Shack Changes To Hunting Retreat

Completing its usefulness as construction headquarters of the Main Engineering building, the little wooden shack which held a prominent position on front campus for months, has been transformed into a hunting lodge.

Prof. Melvin L. Harris of the department of English composition purchased the hut. In his service, the back will find a quiet woody site to replace its former conspicuous situation. Hereafter, instead of tired workmen crossing its stoop, ambitious hunters will amble sprightly forth in recreational pursuit.

For Non-Stop Writing
 These All-American Football Stars, Like All Real Fellows, Depend on Parker Pressureless Touch
 Non-Breakable Barrels—24% Greater Ink Capacity—Guaranteed Forever Against All Defects
 Hitch your writing to the star of all pens if you want to be in the same class with the Big Fellows who star in every line of endeavor. There's never been another so handsome to carry as black-tipped Parker Duofold—never another so shapely to hold—and none with our 47th improvement—Pressureless Touch. It adjusts its flow to the speed of your hand by easing your stroke. It sweeps pen worries out of your mind, so your brain has a clear track for thinking. Do you know that by actual count Parker's Pressureless Writing now rules throughout America? A census of pens in 13 technical schools disclosed that Parker leads in popularity 2 to 1. It was voted the favorite by students in 55 colleges. And a nation-wide poll conducted by the Library Bureau proved Parker the preference by 25% above the second pen, and 48% above the third. Step to any good pen counter and select your point. Imitations can't deceive you if you look for the imprint, "Geo. S. Parker—DUOFOLD."
