

### BAND WILL MAKE NEW YORK TRIP

(Continued from first page)

game there New York was selected as the final choice, however, as the golden opportunity for added publicity to the College.

Bandmaster Wilfred O. Thompson intends to take the entire band of seventy-five members.

After being informed of the proposed plan, Director of Music Richard W. Grant enthusiastically declared, "There is no publicity like a good band." Bandmaster Thompson added that he thought the boys would make a fine representation for Penn State at the New York Americans' ball park.

The band probably will leave for the metropolis Friday morning, thus necessitating absence from two days' class. Efforts are now being made to gain a place for the band on the National Broadcasting company's pro-

grams for either Friday or Saturday of next week.

*Inter-collegiate Champions!*

The corn flake flavor championship is won year after year by Kellogg's. On campuses from coast to coast they sweep the field. Why? Try them!

Pour milk or cream into a brimming bowl of Kellogg's Corn Flakes, crisp and golden. Relish the matchless flavor of the first spoonful. Savor the satisfaction of the last. Then you'll know why they're champions!

Particularly good with fruit or honey added. Ask that Kellogg's, the original Corn Flakes, be served at your fraternity house or favorite campus restaurant.

In School . . . Parker Pressureless Touch Does Everything but Your Thinking . . . and Clears the Track for That

\*Guaranteed Forever Against All Defects

At the wheel—Bobby Goddard of Harvard, All American Ice Hockey Star—known to radio listeners as the "creeching artist" It's him four classmates just arrived at Cambridge—all of them justified with Parker Duofold Pens for a flying start in the new semester.

Parker Pressureless Touch—presented in Duofold Pens—asks no one to strain his muscles and exert his mind to do its job of writing. The ink connects with your paper a split-second sooner than the point, and its flow keeps pace with the speed of your hand by contact alone—not by pressure!

Pressureless Touch is Geo. S. Parker's 47th Improvement, combining capillary attraction with gravity feed. A census of pens in 13 technical schools disclosed that Parker leads in popularity 2 to 1. It was voted the favorite by students in 55 colleges. And a nation-wide poll conducted by the Library Bureau proved Parker the preference by 25% over the second pen and 48% above the third.

Non-Breakable Barrels—28% lighter than rubber, holding 24% more ink than average, size for size. Step up to any pen counter and select your color and point. Look for the imprint, "Geo. S. Parker—DUOFOLD." Pencils to match, \$3 to \$5.

THE PARKER PEN COMPANY, Janesville, Wisconsin. Offices and Subsidiaries: New York, Chicago, Atlanta, Buffalo, Dallas, San Francisco
