Funk and Mosor have been used frequently as forwards in scrimmages during the past week and may get the call Either Daykin or Stockdale,

## NORTON ADVANCES **FINANCE REMEDIES**

Citicizing present fraternity finar cial systems, Mi Ethan A Norton travelling treasures of Sigma Phi Sig ma, suggested two remedies, wherehomore efficient results could be obtain ed, when he spoke to forty-four chap tes treasurers at Delta Sigma Phi Sa

tei treasurers at Delta Sigma Phi Saturday atternoon
"Haphazard accounting systems are
not conducive to general harmony,"
the finance expert declared. "A bedloci financial condition always heralds, the successful fraternity. One
of the best systems is that of having
ar alumnus or a distinterested party
trur the house on a strictly business
basis. This person could work out
a budget, do all purchasing and paying of claims, and collect all bills."

Recommends Chapter Control

He pointed out, however, that this
system would be disadvantageous in
that the proper man or company can
not always be found to do the work
Dishonest officials, according to Mr.
Norton, can start a fraternity on the
down...id path more quickly than
any other factor

Under the second plan proposed the
fraternity would be operated entirely
by the chapter under the guidance of
regulations of the national governing
body and the local group. An undergraduate member of the house would
have charge of all innances.

Mr. Norton believes this is the bet
let plan of the two because it has an
clucational value to the chapter
treasurer.
