When we selected these lines we determined to obtain the finest merchandise to be had.

We wanted to offer you the sort of merchandise that you would select without any hesitation.

We believe that we have succeeded. We consider them finer than anything ever offered. Finer as to the workmanship—Finer as to smartness of styles and finer as to sheer value given for what you are asked to pay. And why shouldn't we—for it was with these lines that we were able to meet with the success we have had the past 13 years.

But you—not we—are the judge—Come in and let us show you why we feel this way.

Here is no bashful cereal

This is Kellogg's Rice Krispies speaking—the cereal that tells the world how good each golden mouthful is! It's a fact! When you pour milk or cream in a bowlful of Rice Krispies, these crunchy rice bubbles actually crackle out loud. And what a delicious flavor!

Eat Rice Krispies for breakfast—great for a quick lunch with fruits or honey added. And what could be better for a late bed-time snack at the campus restaurant? The world's most different cereal! Have you heard it yet?

Kellogg's
RICE
KRISPIES

The most popular cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Corn Flakes, All-Bran, Pop Bran Flakes, Wheat Flakes, and Kellogg's Shredded Whole Wheat Bran. Also Kaffee Hag Coffee—the coffee that lets you sleep.

... at the plate it's **SWAT!**

... in a cigarette it's **TASTE!**

ACTIONS SPEAK LOUDER than words; what you want to know about a cigarette is how it tastes.

And words can't tell you much about Chesterfield's taste. Tobacco quality, mild fragrance, character—these are only words, until you've tried Chesterfield; after that, three words say it all:

"TASTE above everything"

MILD...and yet THEY SATISFY
