NO ROWBOTTOM

With the destructive spirit spreading like the prison outbreaks of the past year, collegians of the country are now shouting "Rowbottom" and turning their attention to celebrations of one soit and another. The University of Pennsylvania is still tocking under the re-

University of Pennsylvania is still locking under the re-verberations of its first "Rowbottom" weeks ago.

Although we cannot charge Penn State with taking up the cry, there was every indication of an outbreak Friday night when word went out for a "Pajama Par-ade." By some twist of fortune, the word was recalled and tonight set as the time for the flare Because there were countless mothers visiting the campus, and be-cause a gubernatorial candidate was in town, we are

Lause a gubernatorial candidate was in town, we are happy that Friday's effort went amiss Although the town is clear of all guests tonight, there is no reason why we should tolerate any outbreak, however tunne, nor do we see any glory in following the example of other colleges, especially Pennsylvania Penn State has a reputation to uphold Because there is no bond issue at stake or visitors to witness provides no justification for an outbreak Pajama Parades must be n thing of the past

The responsibility of encouraging or quelling would-be nots lies wholly with the fratenities of Penn State, since they control approximately one-half of the freehman class Fratenity presidents, therefore, have duty to perform. Penn State should always come before fun Let there be no "Pajama Parade" tonight'

NO CHORUS NEEDED

A collicking laugh in the frateninty house early Friday morning called our attention to the "Penn State Dinge," pen child of one F. M. S. '12, a contributor to "The Lion's Den." It went.

PENN STATE DIRGE

(Tune: St. James' Infirmary)
I went over to Doe Ritenou's Infirmary
And saw my buddy there,
Stretched out on a long short table,
So black, 'o white, so bate.

So black, 'o white, so bate.
Then I asked the nut se about him,
Whether he would live or die,
But she turned her back upon me,
And I saw her wink one eye
"Let him go," the nurse said sweetly,
"Whether he finds rest in heaven,
Or he finds work in hell"

Ot he finds work in hell?

Now my pal had a broken ankle,

'Twas broken at the knee,

But the doc took out his tonsils

At the old Infilmany.

I have just one last request, folks,

Il 'I'm sick don't take me there,

For if I had fallen atches

They'd shave off all my hair.

Now remember, all you freshmen,
Of this there is no doubt.
If you want to be healthy, be careful,
For the doc will get you if you don't watch out!

For the doc will get you if you don't watch out!

And so, we find a sophomore perpetuating an illusion that was handed down to him by an unthinking predecessor. Not willing to admit his error, F. M. S. proposes to place his successors under the same illusion.

We wonder, in the first place, whether F. M. S. was ever confined in the Hospital. We wonder, in the second place, whether his drige was written as a genuine protect or as a moch. If he was ever confined in the Hospital, we wasce that it was never confined in ume protest or as a mock. If he was even confined in the Hospital, we waget that it was not intended as a condemnation. We feel, rather, that F. M. S. heard the stories told by wise-cracking upperclassmen and took it upon himself to immortalize an illusion. We would expect this illusion to go the way of other useless customs and traditions, but the vigilance of men like F. M. S. purports to keep it alive.

Linkes this illusion, we could under the hoel of street.

Unless this illusion is ground under the heel of student opinion, the faith that the people of the State are placing in our College is perhaps being ill-directed.

Visiting parents were amazed to find students in military dress parade past Co-op Friday night bear wooden guns, glasses and other uncommon articles. wooden gains, gaisses and other uncommon afficies, in-quiry revealed that it was a part of the initiation into Scabbaid and Blade, military honorary fraternity. And we had always believed that military men were below such indignities to their cause.

The Show Window

One of the surest indications of Spring's official and permanent arrival is found in the motley clews of freshmen that gather outside of the fraternity houses on Saturdays and lessurely do a little landhouses on Saturdays and lessurely do a little land-scape gardening or civic improvement work. They are dressed in everything from the very little stage to the awfully questionable stage but none of them seem to contract colds or are placed under airest for indecent exposure. They work lessurely and in-differently, pausing every little while for a vandeville act or a baseball game, but somehow or other the work is finally accomplished. All in all it is one of the happiest examples of unskilled labor that we have en-countered in our econômic travels

Mothers' Day brought an unprecedented number of mothers into our little kingdom of State College and along with them came dads, brothers, sisters, and and along with them came daids, brothers, sisters, and cars. The mothers were very evident and interested the entire time with their off-prings' environment and activities in college; the dads chummed around with the boys and tried to look pleased; the sisters and brothers somehow mingled with the rest of the normal population, but the cars were distributed all over central Pennsylvania after the weary parents went to bed. From however, and are tree two parents. went to hed Every byway had a parker or two and the roar of traffic lasted far towards the dawn. Needless to say the Lock Haven beer has not improved and Bellefonte guls still have the usual drawbacks.
