

President Reveals Faculty Changes

Action on the faculty for the academic year 1930-31 has been announced from the office of President Ralph D. Hetzel as follows. F. J. Bedenk, assistant professor of physical education. G. E. Carlson, associate professor of sociology. F. L. Callahan, instructor in chemical engineering. W. S. Clarke, Jr., assistant in pomology. K. A. Craig, assistant in chemistry. R. H. Dotterer, professor of philosophy. H. R. Dowdy, Jr., instructor in engineering extension. D. E. H. Frear, associate in animal nutrition. N. B. Guernant, assistant professor of biological chemistry. Edith V. Harding, instructor in home economics. Marjorie R. Heck, instructor in home economics extension. N. A. Hedden, instructor in engineering extension. W. T. Hehner, assistant professor of entomology extension. R. A. Higgins, professor of physical education. W. J. Jennings, instructor in engineering extension. O. J. Kahlenberg, associate in animal nutrition. F. J. McClure, associate in animal nutrition. D. R. Marble, assistant professor of poultry husbandry. Flora E. Moxon, instructor in home economics extension. Leonora Isable Myers, assistant in home economics extension. Kathryn Helen Ketz, instructor in home economics extension. Ella Reynolds, assistant in home economics extension. H. D. Rix, instructor in english composition. H. L. Saxton, assistant in physics. T. E. Shearer, instructor in political science. F. F. Shedd, lecturer in journalism. J. W. Sinden, assistant professor of botany. F. C. Stewart, associate professor of mechanical engineering. D. C. Toth, assistant professor of psychology. Sylvia Margaret Waggoner, assistant in home economics extension. PROMOTIONS IN RANK School of Agriculture E. W. Callenbach from assistant professor to associate professor of poultry husbandry. D. B. Demerit from assistant professor to associate professor of forestry. W. L. Henning from assistant professor to associate professor of animal husbandry. H. W. Lisse from associate professor to professor of biophysical chemistry. H. W. Popp from assistant professor to associate professor of botany. W. D. Swope from associate professor to professor of dairy husbandry. P. T. Ziegler from assistant professor to associate professor of animal husbandry. Extension E. J. Anderson from instructor to assistant professor of entomology extension. J. E. R. Dickey from assistant professor to associate professor of agronomy extension. W. R. Gordon from assistant professor to associate professor of rural sociology extension. J. R. Haswell from assistant professor to associate professor of agricultural engineering extension. R. S. Kinby from associate professor to professor of plant pathology extension. G. F. MacLeod from assistant professor to associate professor of plant pathology extension. L. C. Madison from assistant professor to associate professor of animal husbandry extension. R. H. Olmstead from assistant professor to associate professor of dairy husbandry extension. E. H. Rohrbeck from instructor to assistant professor of agricultural extension. J. U. Ruef from assistant professor to associate professor of pomology extension. J. F. Keim from instructor to as-

tant professor of agricultural extension. A. B. Bingham from instructor to assistant professor of agricultural extension. C. P. Lang from instructor to assistant professor of agricultural extension. Christine V. Buell from assistant to instructor in home economics extension. Eleanor Drury from assistant to instructor in home economics extension. Emma Eastman from assistant to instructor in home economics extension. Beatrice Esterline from assistant to instructor in home economics extension. Bernice Gustafson from assistant to instructor in home economics extension. L. Ernestine Hine from assistant to instructor in home economics extension. Marion Meas from assistant to instructor in home economics extension. May R. Pollock from assistant to instructor in home economics extension. Dagmar C. Wulff from assistant to instructor in home economics extension. Ruth Clayton, from assistant to instructor in home economics extension. P. H. Margolf, superintendent of the poultry plant, to be given the academic rank of assistant in poultry husbandry. School of Chemistry and Physics D. S. Cryder from assistant professor to associate professor of chemical engineering. R. V. McGrew from research instructor to assistant professor of research in organic chemistry. School of Education Hathe Dahlberg from instructor to assistant professor of home economics. School of Engineering Clinton L. Harris, professor of architectural engineering, to be head of the department of architecture. Clarence E. Bullinger from associate professor to professor of industrial engineering and to be head of the department of industrial engineering. J. W. Breneman from instructor to assistant professor of mechanics and materials of construction. L. J. Grunden from graduate assistant to assistant in engineering research. J. R. Richards from graduate assistant to instructor in engineering extension. School of the Liberal Arts F. C. Banner from assistant professor to associate professor of journalism. L. M. Buirrage from associate professor to professor of french. A. H. Espenshade, professor of English composition, to be head of the department of english composition. T. J. Gates from associate professor to professor of english composition.

RESIGNATIONS

E. F. Mamford, assistant professor of sociology. H. G. Barone, instructor in mathematics. R. W. Brewster, instructor in history. S. McC. Butt, associate professor of philosophy. J. I. Clower, instructor in mechanical engineering. O. J. Farrell, instructor in mathematics. E. M. Funk, assistant professor of poultry husbandry. C. G. Gaum, professor of engineering extension. A. S. Goodrich, instructor in engineering extension. Hannah E. Honeywell, associate professor of biological chemistry. R. H. Kriessinger, instructor in the romance languages. P. V. Kunkel, instructor in mathematics. J. F. MacLeod, assistant professor of entomology extension. William Mann, instructor in mathematics. Christine E. Payne, instructor in home economics extension. I. O. Peppi, assistant professor of entomology extension. S. D. Ries, professor of chemical engineering. Frank Sluzals, instructor in engineering extension. T. P. Tittler, assistant professor of bacteriology. G. L. Wendt, assistant to the president in research. L. R. Yeager, instructor in mechanical engineering. Leo Zippin, instructor in mathematics.

HOLD CONFERENCE HERE AUGUST 6-8

(Continued from first page) Demonstration School. The observers will be free to inspect those subjects and grades most interesting to them personally. Observation of Demonstration School work will again be held in the third session Wednesday afternoon. It will be devoted to an interpretation of the observations made in the Demonstration division by Dr. Cooper, Miss Jane McKenzie, Miss Cynthia Ruggles, and Mr. Edward H. Worthington. A dinner at the Centre Hills Country Club Wednesday night will comprise the fourth session. The speakers will be Dr. Cooper, and Dr. Rule, who will be followed by a visual demonstration of teaching a class by J. T. Shriner of the Summer faculty. Speakers specialize on Radio "Radio in Education" will be treated in the fifth session Thursday morning. With Dr. S. E. Weber, associate superintendent of Pittsburgh Schools presiding, the morning's program lists as speakers, Mr. Darrow, Miss Harrison, and Dr. Shipperd. The same speakers will appear before the sixth and final session Thursday afternoon.
