The First Lesson for the Fall Term of School

- 1—Parker Pocket Duofold being Convertible—**
- 2—saves the Price of a Desk Pen—Now or later**
- 3—which pays for the Desk Base?**

Every Parker Duofold is convertible—a combination pocket and desk Pen both, at no extra charge. Choose Parker Duofold and you virtually get two Pens for the price of one.

Yet you have only one to fill. And you have your accustomed point wherever you are.

When you're on the go, it wears its trim, streamlined cap, with Parker's patented clip that holds the Pen low and unexposed in your pocket.

On your desk, it rests in Parker's ball and socket Base. And with this comes the tapered end for the Pen (once \$1 extra), now included free.

Attaching the taper converts the Duofold into a Desk Set. Removing it restores the Pen to a pocket model.

Guaranteed for Life
 Paying more won't get you a thing—but will deprive you of this double value. For only the Parker offers this. And a Pen that holds 17.4% more ink than average, size for size, **Guaranteed for Life!**

Go try them at any nearby pen counter, side by side, with any other pen, regardless of price. You'll be surprised.
