

### PANTHERS DEFEAT LION PLEBES, 12-0

Nittany Eleven Checks Pitt Until Sebastian, Matesic Score In Last Quarter

Although Penn State's freshmen eleven held an aggressive Pitt team scoreless for three periods, the Panthers, tallying two touchdowns in the last quarter, subdued the Lions 12-0 Saturday afternoon.

The visitors' consistently invaded Blue and White territory, only to be checked by a stiffened Lion defense. Frequent penalties offset the Panthers' gains. In the first half, Pitt penetrated as far as the Nittany 20-yard line on four occasions, but was repulsed each time.

The first Pitt score came unexpectedly in the opening minutes of the fourth quarter, when Sebastian, catching Nittany's 25-yard pass from midfield, reared the remaining 25 yards across the Lion goal-line.

Matesic Scores Sebastian paved the way for the visitors' second touchdown several minutes later when he ran back Jackson's punt 22 yards to the Nittany 23-yard marker. Matesic took the ball across from the 15-yard line. The Lion yearlings threatened to score but once during the contest, when McKee recovered a blocked kick on Pitt's 30-yard line early in the first period. The Blue and White backs advanced as far as the Panther 10-yard marker before they were halted.

Penetrating to the Penn State 2-yard line early in the fourth quarter, the Panthers were repulsed when they were penalized 5 yards for delaying play, and Hogan's try for a field-goal failed.

### FOOTBALL TEAMS END FIRST ROUND

13 Teams Enter Second Bracket in Competition for Intra-mural Grid Championship

With the State Club defeating Phi Epsilon Pi, 12-0, Saturday afternoon, the first round of the intra-mural tournament came to a close. Out of thirty-two teams entering the first round, only thirteen remained qualified for competition in the second round.

Phi Kappa overcame Phi Sigma Delta by an 8-6 score Thursday night. Following this contest, Phi Delta Theta won over Sigma Chi, 6-0. Beta Theta Pi was victorious over Chi Phi, 12-0, in the first game Friday night. Because of a change of schedule, Sigma Phi Epsilon replaced Delta Tau Delta as the opponents of Theta Chi in the second game that night. Sigma Phi Epsilon won the game, 13-0.

The first game of the second round resulted in the fourth tie of the tournament, when Alpha Chi Sigma and Phi Kappa Alpha battled to a 0-0 game Saturday night. Complete arrangements in the schedule for the second round in the eliminations are to be made following the return from Iowa of Sterling E. Brown '31, who has replaced Lee E. Corter '31 as intra-mural football head. Corter has left college in order to do his practice teaching.

### 'Bez' Calls 1921 Lion Grid Team His Greatest Eleven

Cites Harry Wilson as Most Durable Player in Public Ledger Sports Interview

"Penn State's team in 1921 was the greatest football eleven I ever developed," recounted Hugo Bezdek to C. William Duncan of the Philadelphia Public Ledger in a special feature article Sunday.

Although his teams of 1919 and 1920 were outstanding elevens, Dean Bezdek stated that his 1921 aggregation would get the call over them all. He considered his Arkansas team of 1909 the first great eleven he has ever coached, and his Oregon team of 1916 also way above the average.

"Light Horse Harry Wilson was the most durable player I ever coached," Bezdek related. "At Penn State, Wilson never missed a practice, never missed a scrimmage, was never taken out of a game, played every minute of every scheduled game during his four years, and was never hurt. That is a record I believe has never been equaled by anyone anywhere."

"Wilson played some great games with the Army," the Lion athletic director continued, "but naturally wasn't the man there that he was at State. Football is like boxing, or wrestling or baseball, only harder. A man can't go on forever without paying some debt to Old Father Time."

When asked whom he considered the outstanding younger coaches in the country today, Bezdek replied that he considered Casey, of Harvard, Kipke, of Michigan, Wray, of Pennsylvania, Stuhldreher, of Villanova, and Bell, of Temple, just about the best. Notwithstanding the great number of youthful mentors in the field at the present time, Bezdek asserted that it would be hard to displace the old masters, Knute Rockne, Pop Warner, and Bob Zuppke.

Dean Bezdek was asked if he thought that he and Roper, retiring Princeton coach, were being passed by the procession of progress, and the Nittany director replied emphatically in the negative. He said that there were as many fine veteran coaches as youngsters, and that the time had not yet come when the new-

comers could teach the old masters anything about the gridiron sport. When asked to explain his retirement and that of Roper, Bezdek replied, "I think a man who devotes thirty years to one sport is clearly entitled to a respite."

### Department Obtains Old Indian Pottery

The School of Mineral Industries has recently received a collection of Indian pottery from Mr. H. I. Smith '08, chief engineer Leasing division, United States Geological Survey. Some of this pottery is over 150 years old.

One piece, a large water holder, is moulded of an extremely porous clay, which permits evaporation, and thus keeps its contents cool. This jug has crude frogs moulded all over it, and the colors are still vivid, showing that even in that time, the Indians had a knowledge of burning clay. Mr. Smith, the donor, has charge of leasing all public domains, and these lands include all Indian territories where minerals have been located.

ONE WILL ALWAYS STAND OUT Whole-hearted, natural, real! EQUALLY genuine is the response of smokers to Chesterfield's satisfying goodness, its wholesome smoothness. No one ever has to "acquire" a taste for Chesterfields. You don't have to learn to like them. Smokers take to their pleasing flavor instinctively . . . and here's why: MILDNESS — the entirely natural mildness of tobaccos that are without harshness or bitterness. BETTER TASTE — Such as only a cigarette of wholesome purity and better tobacco can have. for Milder BETTER TASTE They Satisfy — that's Why!
