REPRESENTS PHILTA SIGMA

William P. Huester '31 will attend the national convention of Phi Eta Sigma, freshman scholastic honor society, to be held at DePauw university, Greencastle, Ind., today and tomorrow, as the representative of the Penn State chapter.

Campus Bulletin

All non-fraternity basketball teams desiring to participate in the Inter-unit basketball tournament should call Louis T. Miller '32 at 498-J not later than Tuesday.

Freshmen voting candidates will report at once to Recreation hall for practice.

There will be a meeting of the Cosmopolitan club at 7 o'clock tonight in room 110 Old Main.

There will be an Outing club hike to Tow hill Sunday. Members will meet in front of the Liberal Arts building at 9 o'clock in the morning. Bring your lunch. This hike is open to all students.

What's YOUR favorite pipe tobacco?

Most PRINCETON men smoke—

If you walk along Prospect Street in Princeton you'll notice how many men load their pipes from the familiar blue Edgeworth tin. At Scudder Singing on the steps of Nassau Hall this spring the pipes will glow with Edgeworth.

A pipe and Edgeworth—this is the smoking combination that has won the college man Yale, Dartmouth, Cornell, Illinois, Stanford... all agree with Princeton.

College men everywhere respond to the appeal of pipe—packed with cool, slow-burning Edgeworth. Be guided by their choice. Try Edgeworth yourself. Taste its rich natural savor that is enhanced immeasurably by Edgeworth's distinctive edgeworth process.

You will find Edgeworth at your nearest tobacco shop—15c the tin. Or, for generous free sample, address Larus & Bio Co., 105 S. 23d St., Richmond, Va.

EDGEWORTH SMOKING TOBACCO

Edgeworth is a blend of fine old tobaccos, with its natural savor enhanced by Edgeworth's distinctive edgeworth process. Buy Edgeworth anywhere in two forms—“to only-tobacco” and “Plus Slice.” All sizes, 1 1/2 per tin package to pound humidor tin.

Candidates for the freshmen and varsity boxing squads should report to Recreation hall at 1:30 o'clock daily and all candidates for second assistant managerships should sign up at the A. A. office immediately.

“Mask and Face” tickets will be on sale at the Corner Room from 4:30 to 6 o'clock today and from 4:30 to 7 o'clock tomorrow.

There will be an important meeting of the DeMolay at 7:30 o'clock tonight in Aecia house. Masons are also invited.

The Cetames society will entertain faculty members of the Mineral Industries school at a smoker in connection with the regular monthly meeting Tuesday night at 7 o'clock in room 315 Mineral Industries building.

There will be a card party for students of Mercer county in the lounge room adjoining the Sandwich Shoppe

at 7:30 o'clock tonight. Players will finish their own cards.

CLASSIFIED

This Little Tube Measures Stars
Centuries of Light Years Distant

BY MEANS of a new vacuum tube called a low-grid-current Photron tube, astronomers can gather the facts of stellar news with greater speed and accuracy. In conjunction with a photoelectric tube, it will help render information on the amount of light radiation and position of stars centuries of light years away. It is further applicable to such laboratory uses as demand the most delicate measurement of electric current.

So sensitive is this tube, that it can measure 0.000,000,000,000,001 of an ampere, or, one-hundredth of a millionth of a billionth of an ampere. This amount of current, compared with that of a 50-watt incandescent lamp, is as two drops of water compared with the entire volume of water spilled over Niagara Falls in a year.

General Electric leadership in the development of vacuum tubes has largely been maintained by college-trained men, just as college trained men are largely responsible for the impressive progress made by General Electric in other fields of research and engineering.

Strengthen your Defense Mechanism

DEAN
Drink **Coca-Cola**
Delicious and Refreshing

with the **Pause** that refreshes

The best defense is the attack. The best time to attack is when you're feeling good. You feel your best when refreshed. Q.E.D.; also, Eh, Voila!—Coca-Cola!

Refreshment—that's the true inward meaning of Coca-Cola. Ice-cold, sparkling, delicious—an all-day drink, pure as sunlight. For millions of people, every day, Coca-Cola is the first thought and the last word in wholesome refreshment.

The Coca-Cola Company, Atlanta, Ga.

9-MILLION A DAY—IT HAD TO BE GOOD TO GET WHERE IT IS
