Agriculture School Dean Refutes Sentiment Expressed in Dr. Flexner's Tract

"The educational system in most American universities is fundamentally riong. The methods and the aims of universities today are wrong. The lea of service institutions, of vocationalism, and of specialization is wrong." Although these sentiments are expressed by Dr. Abiaham Flexnei in his cw book, "Universities, American, English, German," Dean Ralph L Watts, for the School of Agriculture, believes that the greatest thing a university can to is, not to abandon specialized subjects not to institute radical curricula hanges, but to teach the student to him?
