Tenor Operatic, Concert, Star To Conclude Series This Year on April 27

Concluding a series of five numbers, Richard Crooks, tenor operatic and concert star, will give the last Artists' Course concert in Schwab Auditorium, April 27.

Born in Trenton, New Jersey, he first sang as a boy soprano in church. During the war he enlisted in an act squad, after which he returned to choir service as tenor soloist. In 1921 he became soloist at the Fifth Avenue Presbyterian church in New York.

Appears in Europe Since 1922 Crooks has been under the concert direction of Fitzhugh W. Hansel, who discovered the soloist. Following a special audition with Walter Damrosch, Crooks was engaged for nine performances, as soloist with the New York Symphony orchestra. His success in these performances gave him a record of over forty engagements in his first professional season.

### Jokers Will Practice Deviltries on Victims in Fools' Heyday Tomorrow

Alert jokers in the student body will rise early tomorrow morning to perpetrate all the deviltries of their craft on unsuspecting and unwary victims who forget April Fool's day until they have fallen into the toils of the funny men.

Although in the early history of the College the day was not made one of particular celebration, exciting scenes were enacted in Old Main when it was used as a student dormitory. The usual run of pranks which are now staged in the fraternities and rooming houses took place there in those days.

The perennial setting back of the clock so that the beguiled brethren give vent to customary yawns and lamentations several hours before the sun rises will take place this year as in the preceding years of student life here, as will other discomfiting tricks, ranging from ice-water showers to explosive cigars.

Important telephone calls will divide into dim hazy of disillusionment when heartless practical jokers furnish climactic endings to feigned important messages. Pocket books

### BROWN PRESIDENT TALKS AT CHAPEL

Dr. Clarence A. Barbour Discusses "Test of the Long Road" in Schwab Auditorium

The temptation to cast aside high ideals was cited as one of the chief problems in the "Test of the Long Road," sermon by Dr. Clarence A. Barbour, president of Brown university, delivered in his eleventh visit to the College as Sunday morning chapel speaker.

"Too much haste in preparation leads to unexpected repairs which are the evident effect of slipshod work," Dr. Barbour declared. "Anyone is flattering himself who believes that a good character may be molded in spite of an ever present idea of 'just getting by.'"

That a realization of others who are better than we are furnishes the source of the temptation to hurry, the executive contended. He pointed out that ideals tend to be cheapened with the ultimate deadening of personality by the cost of maintenance in routine living.

Edward Everett Hale's "The Presence of the Divine" was cited by the university president as a means of overcoming the temptations of life. It is possible to convert something within people because of circumstances, the speaker concluded.

### WALN WINS PISTOL CONTEST

In a pistol shooting contest held by special police of State College borough on the Army range Saturday afternoon, James A. Waln '30 won a silver loving cup for first place, while John A. Pommerheim '32 and Cloyd A. Minster '34 second and third positions respectively.

Varsity rules will be used for the intramural contests, while the fields will be limited to forty by eighty yards and the goal size cut to five feet by five feet. The out of bounds rule will be enforced during the games.

Coach Ernie Paul has decided, in addition to these rules, to limit attack men to three on a side. These players can assist the defense men in back checking as far as the center line. Three defense men and the goal tender must stay "on side" and can only assist the attack by feeding the ball.
