

1934 DIAMONDMEN TO OPEN SEASON

Houck Prepares Freshmen for Opening Contest Here Next Saturday

In preparation for their opening game against Colgate here next Saturday, freshmen batsmen are working out daily under the tutelage of Coach Leo Houck. Although the candidates as a whole are good hitters, none of the players has won a berth definitely. Coach Houck stated that the catching post is being contested by Zawacki, who started in the inter-class game against the juniors, and Althouse, also promising material.

Marsh and McFarland are shaping up for first base, while Harris, Aldridge, and Walker promise a good race for the second base post. Marsh and Harris have a slight edge over their opponents for these jobs. Edwards, with a knee injury mending rapidly, is giving Detz and Thomas trouble in holding down the third sack.

Greenstone, Wilson, a former Kish player, and Walker are competing for the shortstop call in forming an outfield. Coach Houck will have to consider Musselman, Jackson, Vasack, Pimpstein, Waagtel, and Palmis. The first three of these men have shown best form up to now.

ENGINEERS ELECT OFFICERS

At a meeting of the local chapter of the American Society of Civil Engineers Wednesday night, Harold I. Martin '32 was elected president for the next year. Charles G. Leal '32 was named vice-president, while William J. Schooley '32 and William H. Lehmburg '32 will serve as secretary and treasurer respectively.

Baby, Raised by Science, To Observe Partyless First Birthday Tomorrow

The most carefully guarded, scientifically raised infant in State College, Nancy Lee, the practice house baby at Hillcrest, will observe her first birthday anniversary tomorrow.

Nancy won't have a birthday party—parties and all other forms of social life are not conducive to a child's welfare, psychologists inform us. As a result, Miss Lee will not realize that anything unusual happened a year ago tomorrow.

Her first anniversary will be just an ordinary day in her experience. She will be awakened at 6 o'clock, given her scheduled breakfast, and will be allowed to play for an hour. Later she will be bathed and fed fruit juices and cod liver oil before her nap.

At noon she is awakened and given milk, plays with her bizarre doll and blue rattle until she is put to bed again. At 1 o'clock she is awakened and given a sun bath. When the weather is favorable she takes her sun bath on the porch, but if it is raining she gets her vitamins under an electric sun lamp. Nancy is given her evening meal at 5:30, but must retire promptly at 6 o'clock.

Doubtlessly Nancy Lee would ooze with delight over a party with pink ice cream and chocolate cake, but, on her present diet, she certainly will not suffer from an attack of indigestion.

ANNE MCGUIRE '31 ELECTED CO-ED BASKETBALL CAPTAIN

Anne E. McGuire '31 was elected captain of the women's honorary basketball team following announcement of the personnel of the team at the annual W. A. A. banquet held at the Centre Hills country club last Wednesday night.

The list of basketball players chosen for the honorary varsity includes besides Miss McGuire, Isabelle J. Wieland '31, Muriel E. Bowman '32, Marie E. McMahon '32, Kathleen M. Meek '32, Angelin Bressler '33, Elsie W. Darlington '33, Helen A. Hoover '33, and Alice M. Marshall '33.

CO-ED SOCIETY TO ENTERTAIN

Alpha Theta Epsilon, women's honorary professional journalistic fraternity, will entertain Mr. and Mrs. Fred Fuller Shedd as guests of honor, at an informal dinner in the State College hotel on Sunday night. Miss Shedd, who is editor-in-chief of the Philadelphia Evening Bulletin and instructor of journalism here, will address members of the organization.

COLLEGE DISTRIBUTES 5,000 75TH ANNIVERSARY BOOKLETS

Five thousand copies of a souvenir booklet on the 75th Anniversary of the College were sent last week to those who were invited to attend the exercises held here in October.

Published as a bulletin of the College by the department of public information, the pamphlet contains pictures of buildings dedicated at the ceremonies along with a short statement telling the purpose of the celebration.

WILL ATTEND DAIRY DINNER

Dr. Fred F. Linniger, professor of agricultural economics, will attend the tenth annual dinner of the Pittsburgh District Dairy council tonight.

DAVEY TO ATTEND MEETINGS

Prof. Wheeler P. Davey, of the chemistry department, and Cleveland B. Hollabaugh, graduate student in physical chemistry, will attend the meeting of the American Physical Society in Washington, D. C. next Wednesday until Friday. At Washington Professor Davey will also attend a meeting of the insulation committee of the National Research Council.

TO SPEAK AT PHILADELPHIA

"Factors Influencing the Vitamin Content of Foods" will be the topic of a talk by Dr. R. Adams Dutcher, professor of agricultural and biological chemistry, before the Biochemical Society of the Jefferson Medical College at Philadelphia, tonight. Following his address in Philadelphia Professor Dutcher will travel to Washington for the week-end.

STEPPING INTO A MODERN WORLD

"Test it!"

the watchword of an industry

The Bell System—whose plant cost more than \$4,000,000,000 and is still growing—offers wide opportunity to the man of engineering bent. Here he has ample scope for testing new ideas, not only in telephone apparatus development but also in manufacture, construction, installation, maintenance and operation. No matter what his particular branch of engineering—electrical, mechanical, civil, industrial, chemical—his training stands him in good stead. For "telephone engineering" calls for the broad engineering point of view as well as specialization. Basic technical knowledge, an appreciation of economic factors and the ability to cooperate are some of things that count in Bell System engineering. For men of this stamp, the opportunity is there!

BELL SYSTEM

NATION-WIDE SYSTEM OF INTER-CONNECTING TELEPHONES
