

### Sidelines

The Pitt meet will mark the last appearance of six Lion under stars in dual competition. Captain Chuck Meisinger, Ricketts, and DeWit will close distinguished careers in the distance runs. Musser and Shawley in the weights and McDowell in the hurdles will also end their dual meet days against the Panther.

Rugby football, suggested as an intramural sport here, is already popular at Princeton, Yale and Harvard. Although not recognized as a regular college activity, the rugger has attained popularity as an intercollegiate competition in the Big Three.

Fraternity men at the University of Illinois engage in horse-shoe pitching and bowling as regular intramural sports. The University of Georgia includes polo on its list of interfraternity contests, and Ohio university recently sponsored among its students the first annual "Flivver Derby."

Robinson, captain and first ranking player on the Nittany tennis team, had not lost one set in intercollegiate competition before this year. Although extending his opponents to three sets in each case, he has nevertheless been defeated in three successive matches.

Prof Madison M. Garver, of the department of physics and recent recipient of the Phi Eta Sigma award for unsolicited research was No. 4 in the Cornell crew back in 1934. A story in the New York Daily Tribune of that date described him thus, "for measuredness united with beautiful symmetry of limb and muscle. I should give the palm to Mr. Garver."

### What's YOUR favorite pipe tobacco?

Most PRINCETON men smoke—

If you walk along Prospect Street in Princeton you'll notice how many men load their pipes from the familiar blue Edgeworth tin. At Senior Singing on the steps of Nassau Hall this spring the pipes will glow with Edgeworth.

A pipe and Edgeworth—this is the smoking combination that has won the college man. Yale, Dartmouth, Cornell, Illinois, Stanford... all agree with Princeton.

College men everywhere respond to the appeal of pipes—packed with cool, slow-burning Edgeworth. Be guided by their choice: Try Edgeworth yourself. Taste its rich natural savor that is enhanced immeasurably by Edgeworth's distinctive eleventh process.

You will find Edgeworth at your nearest tobacco shop—15¢ the tin. Or, for generous free sample, address Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

**EDGEWORTH SMOKING TOBACCO**  
Edgeworth is a blend of fine old tobaccos with its natural savor enhanced by Edgeworth's distinctive eleventh process. Buy Edgeworth anywhere in two forms—"Ready-Loaded" and "Plug Slice." All sizes, 15¢ packet package to pound humidor tin.

### LIONS TO ENGAGE SUSQUEHANNA NINE

Will Meet Bill Ullery's Batsmen Tomorrow Afternoon on New Beaver Field

Coached by Bill Ullery '20, former star first baseman with the St. Louis Browns, Susquehanna will encounter Lion batsmen on New Beaver field at 4 o'clock tomorrow afternoon.

The Schuylkill team's record has been unimpressive this year. They won their first two games against Elizabethtown and Moravian by 7-to-4 and 6-to-0 scores, respectively. Since then, however, they have lost to Juniata, 12-to-3, and twice to Bucknell.

In an attempt to develop more of the reserve material, Coach Bedenk will send Blowsis to the mound against the visitors. Swan will continue to substitute for Sol Saltzman, veteran catcher, who will be left to the team for the rest of the season because of an appendicitis operation. Completing the replacements, Walus will start at first base instead of Young, and Moonves will take Drill's position in right field.

Teams Had 10 Errors  
In defeating Muhlenberg, 12-to-3, Saturday, Hal Stokes fanned fourteen for his fourth victory in five starts. Two Nittany tallies of four and eight runs each in the first and third innings submerged the Allentown mix. Both teams held poorly, dividing ten errors between them.

The Lions were unable to play Juniata Thursday because of wet grounds. It was the fourth time this year that adverse weather conditions caused cancellation of a scheduled game.

### Steve Hamas Scores Victory in Ring Tilt

Steve Hamas '29 impressed metropolitan sportswriters with a second-round knockout over Al Lewis, California heavyweight, at the Madison Square Garden, New York city, Friday night. The knockout blow sent Hamas' opponent spinning through the ropes.

Commenting on Hamas, Perry Lewis, of the Philadelphia Inquirer, said, "It took Steve less than two rounds to prove himself one of the most likely looking young heavyweights running around loose. He reminded me of Jack Dempsey when he breezed to, crushing mandatory left hooks, his opponent's jaw and then crossing his right with splendid accuracy as well as tremendous power. It was one of the cleanest cut knockouts I have seen this season."

### LION LINKSMEN WILL MEET COLGATE GOLFERS THURSDAY

Hoping to defeat Colgate in golf for the second consecutive year, Lion linksmen will engage a veteran Maroon team on the Colgate course at 1:30 o'clock Thursday afternoon.

Although Coach Bob Rutherford has not definitely announced his lineup for Thursday's match, it is almost certain that Captain Johnny Murray, Freddy Brand, Hugo Bedenk jr., and Bill Nacios will carry the colors of the Blue and White.

### TRACKMEN SWAMP TEMPLE RUNNERS

Gain 11 First Places To Subdue Owls by 60 Point Margin In Last Home Meet

Taking first places in eleven of the fifteen events, the Lion trackmen overwhipped the Temple team, 97.29-to-37.17 in a dual meet on New Beaver Field Saturday.

The Penn State athletes captured all places in the high and low hurdles, the javelin, the mile, half mile, and hammer throw, while the Owls were successful in making a clean sweep in the 100-yard dash. Willard King led the Nittany trackmen with a first in the half mile and a tie for first in the mile with Meisinger.

In the field events Temple was only able to gain firsts in the high and broad jumps. Sigel won the shot put and placed second in the javelin and discus. Shawley won the discus, placed second in the shot and hammer, and third in the javelin. Musson threw the javelin 198 feet to win that event.

Osbeck cleared the bar at 11 feet to win the pole vault, while Edwards won the hammer throw. Gutsavage had little trouble winning the 440 m. 51 and 2/3 seconds. Ricketts outdistanced the field in winning the 2-mile. Hill won the 120-yard high

### NETMEN LOSE TO CORNELL, CANCEL SYRACUSE CONTEST

Defeated at Cornell 8-to-1 Friday, and rained out at Syracuse Saturday, the tennis team has a record of one victory, two defeats, and two contests called off.

Robinson and Fretz in the second doubles contest were the only Nittany players to win against the Big Red.

hurdles and was followed by McDowell.

The 220-yard low hurdles was won by Fullerton, while McDowell also gained a second in this event. Dike, with a third in the 220, was the only Nittany runner to place in either of the dashes.

**NIGHT AND A FAST TRACK!**  
A TRACK man will tell you that records are broken when the track is fast. Think of this setting—a cool evening, the stands overflowing, the whole spectacle brilliantly lighted with G-E floodlights, and a fast track—a record simply couldn't stand the "gaff".  
Nighttime, when people naturally turn to diversion, is the logical time for a track meet. Lack of support will be a thing of the past. And just watch the athletic fund grow.  
G-E floodlighting projectors, largely the development of college-trained men, are easily adapted to any occasion whether football, track, tennis, commencement, receptions, or plays. Efficient G-E illumination promotes athletics and builds school spirit.

## Making It Work and Making It Sell

Time was when you could sell Mr. John Q. Public a radio or an automobile merely by showing him that it worked. Today he takes that for granted. Now he must be shown that it works better, looks better, is easier to operate than any past or present model. Today the all-important element in an article is sales appeal. And the all-important member of the manufacturer's staff is the man who designs this sales appeal into the product—the product engineer. He is the man who gave you free-wheeling in your automobile, who made it possible for textile mills to use one machine in place of several and countless other product improvements. Product engineering is still in its infancy. But like most infants, it's growing fast. Already there are product engineers guiding the destinies of most all our important plants. And they're all facing similar problems in their work.

Ever alert to new trends in engineering, McGraw-Hill was quick to sense this group's need for a common meeting ground. This it provided in the form of a new magazine—*Product Engineering*. Ask your librarian for a copy. You'll find its pages interesting, no matter what field of engineering you intend to enter. Most college libraries have McGraw-Hill publications on file.
