Smoke a FRESH Cigarette

JUST as the proof of the pudding is the eating, so is the proof of a cigarette in the smoking.

And millions of men and women are now discovering a brand new enjoyment since Camels adopted the new Humidor Pack.

The mildness and the flavor of fine tobacco vanish when scorching or evaporation steals the natural moisture out of a cigarette.

Now, thanks to the new Humidor Pack, which keeps the dust and germs out and keeps the flavor in, Camels, wherever you find them, are always factory-fresh and in perfect mild condition.

Air-sealed in Camel's moisture-proof Cellophane is all the goodness of finest Turkish and mellow Domestic tobacco expertly blended.

No harsh, dried tobacco to burn the throat. No peppery dust to sting delicate membrane—just the cool mild aroma of fine tobacco, properly conditioned.

Camel smokers have already discovered that their favorite cigarette is better now than ever before.

If you haven't smoked a Camel recently, switch over for just one day, then quit them, if you can.

CAMELS

It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and office.
