Lion Gridders Down Lebanon Valley, 19-6

Captain Lasich Scores 3 Touchdowns in First Victory

Flashing a spirited attack under the leadership of Captain Judy Lasich, who accounted for the three Lebanon Valley touchdowns, Penn State set back Lebanon Valley by a 19-to-6 count on New Beaver Field Saturday afternoon.

With only five minutes of the first quarter gone, Captain Lasich broke through left tackle, reversed his field, shook off half a dozen tacklers, and raced forty-two yards for the first Blue and White touchdown. Again, at the beginning of the third and fourth quarters, the Nittany leader plunged over the last chalk line for his second and third scores of the afternoon.

Except for a fifty-eight yard run in the second quarter by W Light, after he had intercepted Bob Snyder's forward pass intended for Phil Moonves, the Annville collegians did not threaten the Lion hopes of victory.

Register 13 First Downs Although they were held without a first down in the first half, Coach Bob Higgins' grid warriors rolled up a total of thirteen in the last two quarters. The Myln-coached eleven managed to gain five first downs in the first two quarters, while in the second half the Lion defense limited the number to one.

After the Lions had kicked off to Stewart, Fesser fumbled on the next play. Stopped at the center of the line and at the flank, Captain Lasich and Stewart, the Lebanon Valley leader, began a punting duel. Conn caught one of Stewart's quick kicks in midfield and returned the ball eight yards. From this position Lasich galloped to the first Lion score. Bob Snyder missed the extra point.

Lebanon Valley Scores In the second quarter, after Conn had returned one of Stewart's punts to his own forty-four yard line and Moonves and Lasich had gained eight yards, W Light intercepted Snyder's pass and ran fifty-eight yards for

Opening the third quarter with added spirit and vigor, the Higgins-coached machine returned the opening kickoff to their own thirty-five yard stripe from which began a sustained march of sixty-five yards. Snyder's forward passing to Slusson, Conn, and Moonves placed the oval on the Annville five-yard line. From this point Captain Lasich carried the ball over for his second touchdown. Snyder's try for the extra point by placement was good.

In the fourth period Macaleer returned one of Stewart's punts to the twenty-five yard line. Lasich and Harper advanced the pigskin to the Lebanon Valley two-yard line in three plays and then Lasich took the ball over for his third touchdown. Macaleer's attempted dropkick was wide. A march of sixty-eight yards was stopped on Lebanon Valley's one-foot line later in the quarter. Harper, Wantschouse, and Macaleer were responsible for this Lion advance.

Charming women are first won by OLD GOLDS' appealing taste. But their enthusiasm doubles when they find that OLD GOLDS do not taint the breath or mar the whiteness of pearly teeth.
That's because OLD GOLD is a pure-tobacco cigarette. Made from the finest nature-flavored tobacco. So good, it needs no added flavoring.
It's "foreign flavoring," not good tobacco... that leaves unwanted aftermaths. Play safe. Smoke pure-tobacco O.G.s. They leave nothing behind but pleasant recollections.

They learned about football from "him"...

Just a sawdust-stuffed canvas sack, shaped to represent the human form. But the football met dive into "him", tackle "him", put all they've got into bringing "him" down. The dummy represents the human obstacles that will block their way to victory in the real games. They know that once they can take "him" out, they'll be able to pull down their live opponents.

The McGraw-Hill Publications aid engineers and business men in precisely the same way. These magazines show what problems the future holds in store for their readers, how best to tackle each. Business men and engineers know the value of this, and read their McGraw-Hill Publications regularly.

Soon you'll be tackling a real, live job, with real, live problems popping up when you least expect them. Get a taste of the battle now and get the jump on that first job. There's a McGraw-Hill Publication covering the field you intend to enter. Ask your librarian for the latest issue. Most college libraries have McGraw-Hill Publications on file.
