

Students Support YOUR Local Merchants

Prosperity Checks have been created by The State College Times for the purpose of stimulating new business and the paying of bills. The Checks although certified are not negotiable at a bank until thirty transactions have been made by it and thirty names have been signed on the back as endorsers. When one of these certified Checks reaches your hands pass it on within twenty-four hours. These Checks must be used only in State College. Get your check and patronize our advertisers.
