inch letter awards, and 129 wanted at a change in the present four and onequarter-inch rifle award.

That all the sports in question is should be advanced to the position of orecipients of the award now given in haseball, basketball, and track was the belief of 113. On the ather hand, 11 queed to have the letter awards remain as they are in every case.

The combined Liberal Arts and Education ballot had the highest number of votes, 253 being tallied there. Agriculture students turned out 219 strong, while Engineering, Chemistry and Physics, and Mineral Industries followed in order with 157, 89, and 57, respectively.

100 HEAR COOK EXPLAIN FUNCTION OF A. A. U. P.

ns Hopkins Law Head Gives Tall

At Decennial Celebration

The common belief that the American Association of University Professors has for its man function the coercion of administrations is erromoto. Dr. Walter W. Cook, of Johns Hopkins University told one hundred members of the local chapter at a decennial dinner Wednesday night. That, at the most only one-tenth of the work of the society falls into this classification is the belief of the head of the Institute of Law at Johns Hopkins Its important function is the consideration of student problems as well as the discussion of professional difficulties, the speaker explained.

In addition to Dr. Cook's address, the former presidents of the local chapter gave brief talks and copies of a booklet on the meaning and the accombishments of the association were distributed.

other victory, icter-winners in an abtorized to receive six-inch letters by two-thirds of those voting in a special athletic association ballot Wednesday.

Overwhelming majorities gave boxing and wrestling their advance, while soccer wor by a smaller margin of fifty-four votes. Out of the 775 students who voted, 787 favored advancing the award in the ring sport, 707 wished the wrestlers to receive more than the present four and one-quirten-inch award, and 570 favored giving letter-winners larger insignin.

Cross-country received the next highest number of votes for advancement, losing only by seventy-four votes when 442 expressed belief that the harrier award should be larger. Lacrosse also fanked high, polling 422 votes to fall only slightly behind the cross-country, total.

113 Fator All Advancing

Tonnis, golf, gymnastics, and rifle trailed far behind the five leaders. The net sport received 199 votes, 156 favored the award in golf, 152 wished the gymnastics tam to receive sunch letter awards, and 129 wanted a change in the present four and one-quarter-inch rifle award.

That all the sports in question should be advanced to the position of recipients of the award now given in lasseball, basketball, and track was the bolief of 113. On the ather hand, 11 voted to have the letter awards as command and the mand and the bolief of 113. On the ather hand, 11 voted to have the letter awards as command and the mand not applied to the words with a short forefinger, a long official opinion of the War Department, assuring special consideration to suggestions from the colleges for changes in R O. T. C.

When asked if the compulsory drill and the uniform were the prime reasons for making the whole military discipline are not efough to office the value of these things to the man and the Conference man and the Conference
