

FRESHMEN SUBDUED BUCKNELL PLEBES

Bison Five Given 55-27 Setback As Lions Register Fourth Consecutive Victory

Striking their easiest opponent thus far on the schedule, the yearling basketballers more than doubled the score on the Bucknell freshmen to win their fourth straight victory by a 55-to-27 score Saturday.

Only in the first quarter was the game at all close, the Lion cubs coming from behind in this period to lead by an 8-to-6 score at the start of the second quarter. The visitors twice held a four-point advantage in the opening period.

Scoring 16 points in the second quarter, the Nittany plebes were 11 points in the lead at the half-time, and increased their total in the third period to hold a 34-to-19 lead at the end of the quarter. The last period was the best of the four from the scoring angle, for they registered 21 points before the final whistle.

Coach Larry Conover took advantage of the lead to give his reserve material some action, and as a result thirteen Lion freshmen were included in the final box score. The starting lineup was composed of Stocker, and Green, forwards; Cummings, center, and Fletcher and Kilmoyer, guards. Mikolonis took Green's place at the start of the second quarter.

'Pop' Garrison May Enter Career in Professional Wrestling Competition

The Lion may soon have another son carry proof of Nittany athletic prowess into professional circles.

Pop Garrison, outstanding heavy-weight wrestler here in 1926 and 1927, is working out daily at Recreation hall in expectation of trying the professional ranks this week in Wilkes-Barre. A Philadelphia promoter noticing Steve Hannas' meteoric rise in fist circles called on Pop to duplicate the performance on the mats.

Pop is not quite sure yet that he will take up the game, but he is working to get into condition. A conference a few weeks ago with Jim London, world's heavyweight wrestling champion, put him on to some of the tricks and twists of the professional wrestling world.

"If I go out for this game, I'll probably take bouts in Harrisburg and other cities near at hand. I won't give up my business. I figure on taking a plane to the fights and getting back the next day," Pop says.

"You've got to be a lot harder for the pro work than for college stuff, but in that game they don't wrestle scientifically like they do in college. If you wrestle smart like the boys do here, they boo you. You've got to show them a lot of fancy tricks to make them like you," Pop reasons.

In 1926, Pop shot into prominence by defeating the unlimited intercollegiate champion in a dual meet. The same year, he was runner-up for the intercollegiate championship and won all his dual bouts the next season.
