

EDITORS TO MEET HERE TOMORROW

High School Press Conference Will Open at 10 O'clock, Continue All Day

With over 300 editors and advisers of high school publications attending, the central conference of the Pennsylvania School Press association will be held here tomorrow.

Following registration at 10 o'clock, the delegates will meet informally with members of Alpha Beta Sigma and Alpha Theta Epsilon, men's and women's journalistic fraternities, in the Old Main lounges.

Addresses on various phases of publication work by Dean Will G. Chambers, of the School of Education, William L. Mapel, head of the School of Journalism at Washington and Lee University, Fred Fuller Sheild, editor-in-chief of the Philadelphia Bulletin, Franklin M. Reek, editor of the American Boy magazine, will be given at the general meeting in the second floor lounge of Old Main at 11 o'clock.

To Conduct Groups

Miss Gertrude L. Turner, member of the executive committee of the association, will preside at the meeting. Short addresses of welcome to the delegates will be made by Mary M. Wright '32, president of Alpha Theta Epsilon and John L. Carson '32, president of Alpha Beta Sigma.

Discussion groups for faculty advisers and student members of editorial and business staffs will be conducted from 11:15 to 12:15 o'clock. Guy M. Steinmetz, editor of the Harrisburg Telegraph, Walter W. Krebs, publisher of the Johnstown Tribune, and Dean Charles W. Stoddart, of the School of Liberal Arts will speak at a luncheon in the Old Main sandwich shop at 1 o'clock.

ANTHONY INSPECTS PROJECTS

Dr. Roy D. Anthony, of the pomology department, inspected Erie county experimental fruit tree projects begun by the College and the United States Department of Agriculture several years ago, on a three-day trip this week. He was accompanied by George E. Yerkes, representing the federal department.

Polyolith, Cannons, Other Oddities On Campus Unnoticed by Students

The stone polyolith and pair of black iron cannons in front of the Armory are among many interesting oddities on the Campus passed unnoticed by most students in their daily trudge to classes.

Constructed in 1896, the polyolith consists of 281 samples of stone procured from almost 150 different localities in the State. It represents a span of millions of years of the geological formation of the earth's crust in Pennsylvania.

In addition to being dragged around by R. O. T. C. students, the two little black cannons which squat in front of the Armory were the principals in a legendary later on the "Town Muckers" and the "Old Main Rats" in the late eighties. After being taunted by the "Townies," the "Rats" loaded the cannons with all sorts of debris and fired them at "Fort, Shively," the hangout of the town students, which still stands on the corner of Pugh street and Highland avenue.

A small, square stone, almost covered over by the dirt near the mailbox across from McAllister Hall, marks the legendary burial place of a professor's wife's pet dog. The inscription "Tiny" can be faintly discerned on the stone, which is said to have been placed there in the early days of the College.

Old Main, which was razed in the summer of 1929 to make way for the new structure which now stands in its place and bears its name, was the scene of many collegiate pranks. Probably the most notable was the case of the mule, "Old Snowball," who according to the story was painted and professedly by the funsters and then driven up into the tower in the dead of night.

Yearlings Lack Proper Poundage, Statistics Show

Upon entering Penn State the majority of the freshmen this year were underweight for their height with fifty-eight percent of the yearling class lacking the poundage that is considered necessary for perfect health, according to statistics compiled by Dr. Charles D. Dietterich, assistant College physician.

Of these, thirty-four percent were in the danger zone with more than seven percent under the average weight. Seven percent underweight is recognized as the minimum weight, which the body can offer proper resistance to tuberculosis and other ravaging diseases.

Most of the first-year students, however, reaped immediate benefits in health during the first four months of a college. Observation of the students by the College health service disclosed the fact that twenty-five of those below average had gained the approved weight, while the majority of those not in the optimum and minimum health range had passed the danger zone.

Taking all physical characteristics into consideration the class of 1935 is just about the average of freshman groups throughout the country, said the physician. The average freshman at the beginning of the first semester weighed 137.4 pounds and attained a height of 65.6 inches. The group, taken as a whole, was two and one-half pounds underweight for the average height.

The tallest and shortest sporters of dinks this year reached 76.6 and 60.8 inches above Mother Earth, respectively, while the corresponding figures for last year were 76.8 and 64 inches. The amount of avoirdupois gracing the forms of the '35 students runs from 94 to 211.5 pounds as compared with 92 to 257 pounds for freshmen last year.

CLUB ELECTS NEW OFFICERS

Richard Shoop '31 was elected president and Hayes A. Hastings vice-president of the Penn State club at a meeting Monday night. George W. Brown '34 received the office of treasurer.

UNIVERSITY HEAD TO SPEAK SUNDAY

Dr. Mordecai Johnson, President of Howard University, Will Address Chapel Audience

Dr. Mordecai W. Johnson, president of Howard University, Washington, D. C., will address the chapel audience on "Social Problems and Personal Salvation" in Schwab auditorium, 11 o'clock Sunday morning.

Receiving his preparatory education at Roger Williams Academy, Nashville, Tenn., and at the Howe Institute in Memphis, Dr. Johnson was graduated from Morehouse College, Atlanta, Ga., with a bachelor's degree in 1911. The University of Chicago granted him a similar degree two years later.

The chapel speaker has studied theology at Union Theological Seminary, Rochester, N. Y., at Harvard University, and at Howard, where he was granted his doctor's degree in 1923. From 1911 to 1913 he was professor of English and later professor of history and economics at Morehouse College.

HASEK WILL GIVE TALK ON 'RUSSIA' WEDNESDAY

Economics Head To Address Open Meeting in Auditorium

Speaking on "Developments in Russia Since the Revolution," Dr. Carl W. Hasek, head of the department of economics and sociology, will address an open meeting sponsored by Phi Kappa Phi, honorary scholastic society, in Schwab auditorium at 8:45 o'clock Wednesday night.

Dr. Hasek has studied problems of Russia from the viewpoints of various countries, and will discuss the relation of Russia to world problems. He will also explain the historical background of developments in Russia, and their effects on the United States and other countries.

This lecture is held in connection with the annual initiation of new members. The honorary scholastic fraternity recently revised its plan of choosing members for scholastic achievements alone.

Campus Bulletin

Lists of newly-elected officers for all fraternities and clubs should be turned in to the Student Union office as soon as possible.

The Bradford-Sullivan County club will meet at the Phi Kappa house at 8 o'clock tonight.

Sophomore men and women candidates for the editorial and business staffs of La Vie will meet in Room 318, Old Main, at 7:30 o'clock Monday night.

The Penn State Players will meet to elect new members in the Little Theatre, Old Main, at 4 o'clock this afternoon.
