BURGLARS OBTAIN \$170 CASH, WATCH

Enter 8 Houses in Locust Lane Fraternity Section Early Yesterday Morning

More than \$170 in cash and a watch valued at \$75 were the loot of burglars who entered eight fraternity houses in the Locust Lane district early yesterday morning.

The largest theft of cash was reported at the Phi Kappa house, where \$52 was stolen. A valuable watch and \$15 in money comprised the loot at the Acacia fraternity.

Thirty dollars was taken from the Alpha Gamma Rho house, and \$25 at Theta Xi. Alpha Kappa Phi reported the theft of \$20, and Phi Kappa Tau's loss was estimated at \$5. Approximately \$17 was the amount taken from the Delta Upsilon house. Value of the loot at Omega Epsilon was not computed although it is expected to make a \$170 total.

Disregard Jewelry

In each case the thieves obtained their loot on the second floor of the house. Jewelry and other valuables were neglected in favor of money, with the exception of the watch stolen at the Acacia house. Attempts were made to enter Delta Sigma Phi and Lambda Chi Alpha Fraternity men heard the noise, but the thieves escaped before the inhabitants were able to catch more than a glimpse of them.

Chief Alfred E. Yougel assumed personal charge of the investigation at once and has discovered several clues which he believes will lead to the apprehension of the thieves within a short time. The chief was unwilling to hazard a guess as to whether the burglars were the work of amateurs or professionals.

Bezdek Advocates Advancing Clock for Extra Recreation

Added Hour of Sunlight Would Aid Student Health Habits, Director Says

"An extra afternoon period for recreation has become practically imperative," Director Hugo Bezdek, of the School of Physical Education and Athletics, said in declaring himself in favor of moving the clock ahead an hour to give students an added hour of daylight.

"Although the removal of all 4 o'clock classes from the College schedule is the most obvious solution," Director Bezdek said, "moving the clock ahead an hour and then setting dinner hour back one hour would remedy the situation temporarily."

"An extra hour of sunlight would aid in establishing health habits among students and would train them for a more worthy use of their leisure time," he said. "A change is also favored by summer school officials." The athletic program has grown so
