(Graduate)

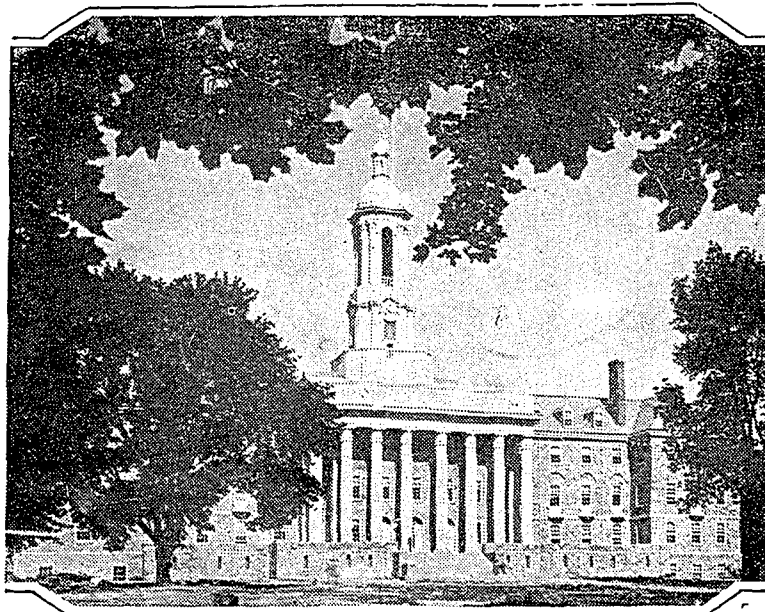

Director Hugo Bezdek  
(Physical Education)

### Dean of Men

Arthur R. Warnock

### The Hub of Campus Activity

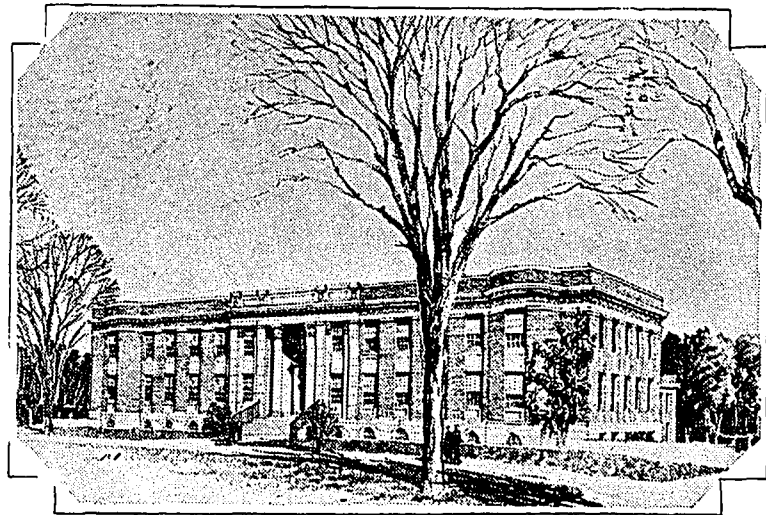

Old Main Building

### Dean of Women

Miss Charlotte E. Ray

### New Buildings

The Home Economics building (right) and the new Dairy building (left) are the two latest additions to Penn State's extensive building program. They were erected with funds appropriated by the State legislature in 1931. The Georgian-colonial style of architecture used in other buildings on the campus has been adhered to in their construction.
