Sigma Nu Captures '31-'32 Hugo Bezdek Athletic Cup

Surpasses Phi Kappa Sigma, Chi Upsilon, Kappa Sigma To Gain Annual Sports Award With 657 1/2 Point Score

Rolling up a total of 657 1/2 points, Sigma Nu surpassed Phi Kappa Sigma, with a score of 598 1/2 points; to gain the Hugo Bezdek trophy for 1931-1932, as "the unit which contributed most to the advancement of athletics at Penn State" during the school year, according to a report released from the office of the School of Physical Education and Athletics yesterday.

Chi Upsilon with 587 1/2 points was third while Kappa Sigma, winner of the first trophy awarded last year, took the fourth place on the list with 578 points. Phi Delta Theta and Beta Theta Pi with 514 and 403 points were fifth and sixth, respectively.

Following in order were Delta Tau Delta, 375, Delta Upsilon, 365, and Theta Chi, 321. Phi Gamma Delta and Phi Epsilon Pi tied for tenth place with 310 points each. The points were awarded on the representation and excellence of the fraternity men in both intercollegiate and intramural athletic competition.

Gained in Spring Sports
Trailing both Phi Kappa Sigma and Kappa Sigma at the completion of the winter intramural and intercollegiate sports program, Sigma Nu gathered strength in spring sports to gain a fifty-nine point margin over Phi Kappa Sigma by the end of the school term in June.

Sigma Nu led the fraternities in contributing most for Penn State in representation in intercollegiate athletics, garnering a total of 370 points, while Kappa Sigma was second with 365 points and Delta Tau Delta third with 315.

In intramural sports Chi Upsilon excelled totalling 337 1/2 points with Sigma Nu in second place with 287 1/2 points. Kappa Sigma, Phi Delta Theta, and Phi Kappa Sigma followed in that order with 283, 234, and 233 1/2 points, respectively.

Placed High in Football
The greatest contribution to the Sigma Nu score was made by varsity football for representation in which the trophy winner gained 185 points. Intramural tennis and wrestling yielded 75, and 43 points respectively, while 40 points were won in varsity lacrosse.

"Points were awarded for winning, placing high, moving up, and entering in an intramural tournament, as well as for lettermen, numeral men, and first and second assistant sports managers," R. Henderson Beatty '33, intramural sports manager, announced.

2 HOUSES ROBBED OF \$145 TUESDAY

Thieves Enter Theta Upsilon Omega, Pi Kappa Alpha in Early Morning Hours

With four houses having been entered the night before, two more fraternities, Pi Kappa Alpha and Theta Upsilon Omega, were robbed approximately of \$145 early Tuesday morning.

Members of Pi Kappa Alpha lost nearly \$85 in cash, while approximately \$60 was stolen from the Theta Upsilon Omega house. Over \$260 had been stolen from four other houses early Monday morning.

No arrests have yet been made, according to Chief of Police Albert E. Yougel.

Tuesday's robbery was the latest in a series of seven fraternity thefts which have taken place here in the last two years. During the Summer Session, six houses were entered.

CO-EDS TO OBSERVE ANNUAL 'POP-IN' NIGHT ON SUNDAY

Following a yearly custom, upper-class women will "pop-in" on freshman women in all the town and campus dormitories Sunday night in order to become better acquainted with the new students.

Freshman women will remain in their rooms Sunday night to receive their visitors, while the following Sunday night the order will be reversed and the upper-class women will entertain the freshmen who "pop-in" on them.

PROFESSOR MACK RETURNS

Prof. Pauline Beary Mack, of the department of chemistry, returned from New York city Tuesday, where she edited the section of the handbook of the Consumer's Research Inc., which is devoted to textiles and clothing.

TRUSTEES TO MAKE COMPLETE TOUR OF INSPECTION TODAY

Deans Will Conduct Trip Around Schools, Campus, Grounds, Library, Fraternities

HETZEL PLANS DINNER FOR EXECUTIVE BOARD

Address by President on Added College Features Included in Program Tonight

With an inspection of the entire physical plant and work of the College as the object of their visit, eighteen members of the College Board of Trustees headed by Col. J. Franklin Shields, will accompany President Ralph D. Hetzel on a complete tour of the College today.

No business meeting will be held during the stay of the trustees here. Since some of the members were appointed only recently, the tour will acquaint them with the College for the first time as well as enable the older members of the board to view the new changes and developments on the campus.

To Inspect Schools
The morning tour which will begin at 9 o'clock, will lead the Trustees through the schools of Engineering, Education, Chemistry and Physics, and Liberal Arts. The Board members will be conducted on the tour by the deans of the respective schools. Later they will visit the Carnegie library and department of military science and tactics.

In the afternoon the itinerary will take the visitors through the School of Mineral Industries; the College infirmary, institute of animal nutrition, School of Agriculture, College farms, the fraternity section, and finally to the School of Physical Education and Athletics.

Hetzel To Speak
Some of the features and activities of the College not included in the trip will be discussed for the Board of Trustees by President Hetzel at a dinner which will be given at the Nittany Lion Inn tonight. President Hetzel will speak on the Graduate School, the College enrollment, summer session, extension activities of the College, and the student organizations and activities.

Members of the Board who will be present on the inspection tour include: Col. J. Franklin Shields, president of the Board, James N. Rule, superintendent of public instruction at Harrisburg, John A. McSparran, secretary of agriculture, R. W. Balderston, E. S. Bayard, and John G. Benedict.

Henry D. Brown, John C. Cosgrove, Florence M. Dibert, E. B. Dorsett, George H. Deike, Robert R. Lewis, Hannah Mck. Lyons, Vance C. McCormick, Boyd A. Musser, Clara C. Phillips, Ernest J. Poole, and George W. Sloum conclude the list.

While on their visit here, the Trustees will stay at the Nittany Inn. Some of the members will stay over until tomorrow to continue the inspection.

Trustee President

JOHN FRANKLIN SHIELDS

SILENT PERIOD IN RUSHING TO BEGIN

Fraternities Suspend Dating of Freshmen at 4 O'clock This Afternoon

With the completion of the first period of rushing at 4 o'clock this afternoon, social and professional fraternities of the College will suspend freshman rushing for a silent period last until 11 o'clock Sunday morning.

No communication, whatever between fraternity men and rushees is permitted during the silent period. A careful check will be made by members of the Interfraternity council rushing committee and violations of the silent period will be reported and will be severely dealt with.

Second Period Starts Sunday

Taking freshmen out of town over the week-end will constitute a violation of the silent period, according to Harris Ebenbach '33, chairman of the Interfraternity council committee on rushing. Fraternities may not make dates for the second period with rushees during the silent hours; such action being considered a violation of that period.

A second period of rushing will open with the 11 o'clock luncheon engagement Sunday and will continue through next week until 8 o'clock Friday night when rushing will end and a second silent period will begin. Bids will be presented at the Student Union desk in Old Main by 12 o'clock that night and freshmen will receive all bids extended at the Student Union desk between the hours of 11 and 5 o'clock the following day.

Beginning last night, dinner engagements between fraternities and rushees ended at 8 o'clock instead of 10 o'clock as was the case during Freshman Week.

TO SERVE ON COMMITTEES

Prof. Charles L. Kinsloe, head of the electrical engineering department, has been reappointed on two committees of the American Institute of Electrical Engineers.

COLLEGE TO HOLD TENTH DADS' DAY HERE OCTOBER 8

Prof. J. O. Keller, H. A. Myers Plan Annual Smoker for Reunion Occasion

WARNOCK WILL REPORT ON LOAN FUND PROGRESS

Gridmen Play Yellow Jackets As Soccer Team Engages Leopard Eleven

Prof. J. Orvis Keller, secretary-treasurer of the Association of Parents of Penn State, is completing arrangements for the tenth annual Dads' Day which will be held here on Saturday, October 8.

Entertainment for the Dads' and boys' smoker, the feature event of the day, which will be held at 7:30 o'clock is being planned by H. Aubrey Myers '32, assistant Student Union manager.

To Read Relief Report

At the regular business meeting which will be held at 10 o'clock Saturday morning, Dean of Men Arthur R. Warnock, in charge of the loan fund distribution, which is dependent upon the Parents' association for its perpetuation, will read a complete report of the work done during the past year, giving actual instances of relief offered students. Mrs. Frank M. Halter, president of the organization, will preside at the session.

In the afternoon of Dads' Day the Lion gridmen will engage in their annual tilt with Waynesburg at 2:30 o'clock. Dr. Henry H. Crane, pastor of the Elm Park church, Scranton, will be the chapel speaker at the services on the Sunday following Dads' Day.

Will Tour Campus

During the day, student leaders and members of the Blue Key, junior honorary organization, will escort members of the Parents' association throughout the campus. The new Dairy building will be open for inspection by the visitors.

Since its founding ten years ago, the Association of Parents has very materially aided the welfare of the students here both through direct contributions to the loan fund and through the contacts it makes for the College with the outer world, according to Prof. J. Orvis Keller, secretary-treasurer of the organization.

"The Association was founded for the purpose of creating better public relations for the College by bringing parents of students to the College and acquainting them with the work that is being done here," Professor Keller said.

CALIFORNIAN ASSIGNED HERE

Paul G. Burman, recently of the California Institute of Technology, has been appointed as graduate assistant in the engineering experiment station. Mr. Burman will conduct research in connection with the operation of Diesel engines.

Registration Figure Exceeds 4,350 Mark

Hoffman Foresees Increased Number of Late Matriculants—Engineering School Reports 1,110 Enrolled

More than 4,350 students, including 164 students in the Graduate School and seventy foresters at Mont Alto, had completed their registration by Wednesday noon, according to Registrar William S. Hoffman.

At the close of the regular registration period Tuesday afternoon, 4,174 students had registered. This number was 228 less than the number enrolled during a corresponding period last year. One hundred twenty-five registered Wednesday morning, and additional registrations continued Wednesday afternoon and today.

"I believe we will have a much larger number of late registrations this semester," the Registrar declared. "Because of financial conditions at home, many students do not have the money for fees until the last minute, and therefore register late."

Engineering School Leads

The School of Engineering, with an enrollment of 1,110, including 300 freshmen, led the schools in registration at the close of the regular period Tuesday. Liberal Arts, with 887 and 232 first year students, took second place. The Education School was third with 760 undergraduate registrants of whom 253 were freshmen.

Including 66 two-year students and 132 freshmen, the School of Agriculture enrolled 597. The Chemistry and Physics School had a registration of 487, with 211 first year students. Mineral Industries registered 187, with 42 new men, and Physical Education claimed 60, of whom 27 were members of the freshman class.

1199 Freshmen Register

Graduate students numbered 164 at the close of registration Tuesday. Included in the registration totals for the several schools were 54 special and approximately 150 transfer students. A total of 22 students were classified in the transition section.

Seniors totaled 777 and juniors 904 students at the end of the regular registration period. Sophomores numbered 1010 and freshmen 1199. Wednesday's registrations were not included in these totals.

UNION DISCUSSES PLANS FOR YEAR

Loan Funds Projects, Nomination of Faculty Adviser Considered at First Meeting

Meeting for the first time this year, Student Union board discussed plans for 1932-33 at a session Wednesday night.

A committee, headed by Paul A. Filer '33 and including H. Louise Everett '33 and Herbert E. Longenecker '33, will present nominations for faculty adviser to the Union at the next meeting. Prof. Merritt M. Harris of the department of English Composition, who was granted a leave of absence this year, was faculty adviser in 1931-32.

Ways and means of raising money for the student loan fund were discussed following a report by Benjamin L. Wise '33, chairman of the Union committee on student loan fund.

"We are planning to emphasize the Union as a correlating agency between the various organizations for their mutual benefit this year," said Robert M. Maxwell '33, president of the Student Union.

SCHOOL OF EDUCATION REOPENS FREE CLINIC

Will Provide Counsel for Students Regarding Personal Problems

Students may obtain vocational guidance or advice on personal problems at the School of Education's weekly clinic which will open at 10 o'clock tomorrow morning, according to Dr. Robert G. Bernreuter, in charge of the project.

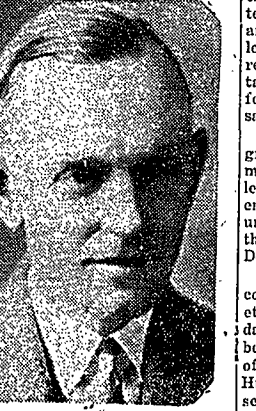

The clinic will be held in Room 34, Education building, and will continue until 12 o'clock. No charge will be made for the service and all interviews will be strictly confidential.

MAJOR CHANGES MAY ALTER NEXT YEAR'S FRESHMAN WEEK PROGRAM, WARNOCK SAYS

"Every detail of the eighth annual Freshman Week will be challenged and evaluated, as it is likely that drastic changes will be made for next year's program," Dean of Men Arthur R. Warnock said Wednesday.

Although the 1932 orientation program for first year students was fully as successful, if not more so, than in former years, there is general feeling among members of the Freshman Week committee that some changes are essential, the Dean, who is chairman of the group, said. The committee will meet within the next few weeks to discuss these revisions.

Speaking of last week's program, Dean Warnock declared that the addition of student counselors to Freshman Week activities was a much-needed feature. Although most institutions employ faculty members in this work, the seniors used here this year performed an invaluable and conscientious service, the Dean stated.

DEAN ARTHUR R. WARNOCK

change from an all-College convocation to a freshman convocation worked well," he added.

"In former years lectures to large groups formed the major portion of the Week. Since then, placement tests have been added to the schedule, and the sections have been made smaller. The committee has also come to recognize the importance of the orientation that takes place outside of the formal program," the Dean of Men said.

"Fraternity rushing also interferes greatly, but there seems to be no immediate or better solution to the problem. If rushing were deferred to the end of the Week, as in former years, uncontrolled 'lead-piping' would take the place of the system now used," Dean Warnock said.

Included on the Freshman Week committee are Deans Robert L. Sackett, Ralph L. Watts, Charles W. Stoddart, Edward Steidle, Will G. Chambers, and Frank C. Whitmore. Dean of Women Charlotte E. Ray, Director Hugo Bezdek, Lieutenant Colonel Russell V. Venable, and Director Richard W. Grant are other members of the group.

Prof. John H. Frizzell, Dr. Joseph E. DeCamp, Willard P. Lewis, Adrian O. Morse, Harry W. Seamans, Phyllis G. Beidler '33 and John A. Wood '33 complete the committee.
