

### COACH ANNOUNCES CHANGE IN COURSE

Basic Physical Education Students To Have Hour Instruction 3 Times Per Week

Sophomore and freshmen students in the basic courses in physical education will participate in a new program this year, according to Prof. Nelson S. Walke, who is in charge of these courses.

Three hours instead of the customary two will be spent in both sophomore and freshman courses. Two of the three hours will be devoted to playing two different sports, while the third will be spent in classroom instruction in the fundamentals and rules of the various sports.

During the fall period of eight weeks, students will be permitted to select one sport from each of two groups, the first composed of mush-ball, speed ball, touch football, and soccer, and the second made up of track, badminton, and volley ball. New groups of games will be offered during the winter and spring periods.

The program comes as the result of investigations conducted by the School of Physical Education and Athletics during the 1931-32 seasons. Preliminary steps were taken under the direction of Prof. Eugene C. Bischoff last year.

#### BONINE WILL LEAD '36 HIKE

Prof. Chesleigh A. Bonine, head of the geology department, will lead freshmen on a hike to Lemont, Mount Nittany, and Oak Hall tomorrow afternoon, John A. Ryan '34, chairman of the new student committee of the Christian association, announced today.

### 'Foster Fathers' To Feature 1932 Dads' Day Event

Freshmen and other students who have no parents visiting them on Dads' Day, October 8, may still enjoy the spirit of the day just as if their own dads were with them, since the Association of Parents of Penn State has arranged for local men to act as "foster fathers."

Serving in that capacity at many colleges throughout the country "foster fathers" have annually brightened the hearts of many homesick students on the day set aside in honor of "Dad" even though their fathers were for some reason unable to attend. Now Penn State students, especially the recently-weaned freshmen, need not be obsessed with that "creped-up" feeling, while others are proudly and enthusiastically displaying their Alma Mater to loving parents.

Rotary and Kiwanis clubs gladly endorsed the proposal at their meetings last week and will complete the necessary arrangements, drawing up a list of the residents of State College who offer their services as "foster fathers" during the week.

With two athletic meets, a smoker, and a Players' show scheduled, "foster fathers" will have no trouble in entertaining their "sons for a day."

Students interested in the plan should apply at the Student Union desk in Old Main.

#### PRACTICE HOUSE WILL OPEN

Because of the large enrollment in the home economics department, a new home management practice house will be opened and ready for occupancy about the middle of the semester. Miss Nellie M. Vedder, associate professor of home economics, will supervise both the new house, which was formerly the Sparks house, and Hillcrest, the one being used at present.

#### SOIL EXPERIMENTS CONDUCTED

Cooperating with the United States Department of Agriculture, the College departments of agronomy and dairy husbandry are conducting an experiment at Kylertown concerning the fertilization of pasture land.

### Campus Bulletin

Students interested in working at the Christian association cabin on Saturday afternoons should report to Ray McClintock '33 at the P. S. C. A. office.

Social Problems club will meet in Room 318 Old Main Friday evening at 7:30 o'clock.

Services for Jewish holidays will be held in Room 405 Old Main at 6:30 o'clock tonight.

All students who will leave for practice teaching this semester should have their LaVie picture taken immediately at the Penn State Photo shop.

All Jewish students desiring excuses for the Jewish holidays see Emanuel Frisch at the Sigma Tau Phi house.

Additional tryouts for the College Orchestra will be held in Room 405, Old Main, at 7 o'clock Monday night.

Entrants in the all-College and freshman tennis tournaments who have not played their first round matches by Monday night must forfeit.

Masons and DeMolays are invited to witness degree work put on by the DeMolay club and Penn State Center Chapter in the Masonic rooms opposite post office, at 7:15 o'clock Tuesday night.

**THE CALL OF THE WILD**

"Nature in the Raw is seldom MILD"

"Nature in the Raw"—as portrayed by Paul Branson, America's foremost animal painter... inspired by the savage struggle between the ferocious wild dog and the vicious wolf... as described in Jack London's famous novel of combat against crude nature in the frozen north.

**—and raw tobaccos have no place in cigarettes**

They are *not* present in Luckies... the *mildest* cigarette you ever smoked

**WE** buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
 That package of mild Luckies

**LUCKY STRIKE CIGARETTES**  
 "IT'S TOASTED"

Copyright, 1932, The American Tobacco Co.

If a man write a better book, preach a better sermon, or make a better mousetrap than his neighbor, the he build his house in the woods, the world will make a beaten path to his door.—RALPH WALDO EMERSON.  
 Does not this explain the world-wide acceptance and approval of Lucky Strike?
