CATHAUM
A WARNER BROS. THEATRE

MONDAY-TUESDAY

Matinee At 1:30
Evening Opening 6:30

ILLUSION:

The stage is all set for target practice. The magician lifts his bow and aims an arrow at the bull's-eye. His lovely assistant then steps in front of the target and he shoots the arrow—apparently through her—and it fixes itself in the very center of the bull's-eye! And she smiles through it all while the audience gasps.

EXPLANATION:

The arrow which the marksman "shoots through" his assistant simply folds up into the crossbow! The arrow which is actually embedded in the target is shot by the girl herself from a belt concealed under her dress. She releases a little spring, the arrow unfolds, and shoots straight into the bull's-eye! It is all done in a flash! So quickly the eye cannot detect the girl's movements! To heighten the impression that the arrow has gone right through, the girl releases a ribbon from the front of her dress—the continuation, apparently, of the ribbon attached to the arrow in the target.

**It's fun to be fooled —
...it's more fun to KNOW**

Like to see through tricks? Then let's look at another... the *illusion* in cigarette advertising called "Cigarettes and Your Throat."

The audience is told that by certain magic processes tobacco can be made as soothing as cough medicine.

EXPLANATION: The easiest cigarette on your throat is the cigarette that is made from the choicest ripe tobaccos. Cheap, raw tobaccos are, as you would naturally expect, *harsh* in their effects upon the throat.

If you have to consider your throat, the quality of the tobacco in your cigarette is important.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, **MORE EXPENSIVE** tobaccos than any other popular brand.

Camels are as non-irritating as a cigarette can be because Camels use choice, ripe, tobaccos.

And because of the matchless blending of these costlier tobaccos Camels have a rich bouquet and aroma... a cool, delicious *flavor*.

Keep the air-tight, welded Humidor Pack on your Camels... to assure yourself and your companions a fresh, cool smoke.
