## STUDENT COUNCIL FAVORS UNLIMITED CUTS RESOLUTION

Committee Will Present Plan  
To College Senate for  
Final Action

## NEW MEMBERS ASSUME POSITIONS AT MEETING

Suchors, Stark, McDonell Named  
As Representatives to  
Student Board

Approval of the resolution recommending that high ranking students of the junior and senior classes be allowed unlimited cuts was given by retiring Student Council as their final action before the control of student government was turned over to the newly-elected members.

Organization of Student Board and of Student Tribunal followed after John T. Ryan '34, senior class president, was installed as president of the 1933-34 council, succeeding John A. Wood '33, retiring president. The resolution proposing the system of unlimited cuts for seniors in the upper tenth and juniors in the first twentieth of their classes was submitted by Milton I. Baldinger '33, chairman of the committee which had been appointed to investigate the plan.

## Proposal To Go Before Senate

President Wood explained that the approval of the council would put the matter before the College Senate. If passed by that group, the system will be placed in effect next year, Wood pointed out.

A resolution of appreciation for the services of President Wood, Harry M. Wilson '33, and of the retiring members of Student Board was recommended by Baldinger and passed by the old Council before the new group took over the meeting.

The constitution of the Council provides that the president of the senior class shall serve as president of the Student Council, and that Norris B. class shall serve as vice-president of McFarlane '34 as vice-president of the Council. Naaman C. Troutman '34 was elected secretary of the organization to succeed Wilson.

## Appoints Committees

In the Student Board elections, William J. Suchors '34 and Jacob R. Stark '34 were named senior representatives, while Alexander J. MacDonell '35 was selected as representative from the junior class. Skemp '35 were named junior class representatives, and Pruitt, as president of the sophomore class, will serve as secretary of the group.

President Ryan named a committee of four members to investigate and propose changes in the Tribunal. The committee is composed of Suchors as chairman, Pruitt, Stocker, and Charles M. Norris '35. They will report their investigation at the next meeting of Student Council.

He then was engaged by the Povers-Miller stock company of Seattle, at which time he played in "On the Spot" and "The Firebrand," in which Ian Keith was guest star. His next part was in "The Letter," in which Clara Kimball Young was featured. His last engagement on the coast was in "The Shanghai Gesture," with Mrs. Leslie Carter. Last season he was

The council nominations will be submitted to President Ralph D. Hetzel for final consideration immediately. Since only one faculty member acts in an advisory capacity, final selection will rest with President Hetzel. Brandt succeeds Herbert E. Longenecker '33 as president, while Manwaring replaces William Macaleer as secretary-treasurer. Alfred W. Hesse jr. '33 was the only non-executive member of the senior board of control for 1932-33.

The amendment which will appear on the ballot would award a major vote to varsity lacrosse and cross country participants, who have been receiving minor letters in accordance with the association's constitution.

Results of the election will appear in Tuesday's *Collegian*, as will the date of a second election, if the balloting fails to produce majorities. The members of the recent class elections committee will have charge of the A. A. voting.

## Malmed Named Pipe Orator

Named as Pipe Orator at the same time, Edwin S. Malmed '33 will turn the reins of student government over to John T. Ryan jr. '34, incoming senior class president, at the exercises. Alfred W. Hesse jr. '33 was named as permanent class secretary for a term of five years.

Under a new plan, Milton I. Baldinger '33, Ralph D. Hetzel jr. '33, Herbert E. Longenecker '33, and Robert E. Tschan '33 were nominated for the positions of valedictorian and salutatorian of the class. In former years, it was the custom for the senior class president and Prof. John H. Frizzell, head of the division of public speaking, to select the men for these honors.

Wood To Appoint Committee  
Under the new plan approved by the class at the meeting Wednesday night, Wood will appoint a committee of four students to act together with Professor Frizzell, Dean of Men Arthur E. Warnock, and two other members of the faculty to make the selections from the four men proposed by the class. The committee will be named later.

By vote of the class, Class Day will be held in Schwab auditorium at nine o'clock Monday, June 6. At that time, the honor men will speak, the class poem will be read, and the class memorial will be presented to the College. The class history will be read at the same time.

\$1,000 Given Artists' Course  
Approximately \$4,250 remains in the class treasury from the damage fee collected at the beginning of each College year. It was decided to set aside \$1,000 as a guarantee to back future Artists' Courses here. Under the plan adopted, at the end of five years any money remaining from this sum will be returned to the class treasury without interest for future disposition.

A motion was acted upon favorably by the class that the balance of \$3,250 be given to the Student Loan fund to serve as the class memorial. At the end of five years, this amount is to be returned to the 1933 treasury without interest. This differs from the present arrangements under which the Loan fund is conducted, as students must pay three percent interest on present loans. At the end of every five years, if the class so desires, the money may be voted back into the Student Loan fund again.

The class also has a surplus in the interclass treasury of approximately \$2,900. This was collected through the class dues during the four years of College. It was decided to recommend to the interclass finance com-

## FRESHMEN IN PROBATION GROUP IMPROVE GRADES

Only 4 Reported Below Passing in  
Half Their Work at 8 Weeks

Of the freshmen in the probation section who were flunking fifty percent or more of their credits at the end of the first semester, only four were reported below passing in fifty percent or more of their courses at the end of the first eight weeks of this semester, according to Dean Charles W. Stoddart of the School of Liberal Arts.

The balance of the probationary group was above the fifty percent mark, and several were passing every subject. Those who were still below were discharged from College.

"We have found that a student below in more than fifty percent of his grades can rarely make good, while those who flunk just half usually show improvement," Dean Stoddart said.

"Considering this fact, I believe that it is a wise move to permit freshmen to stay in College the second semester even though they flunk more than is permitted of upperclassmen," he said.
