Elected A. A. Head

TOM HARPER

HARPER SELECTED AS A. A. PRESIDENT

Van Keuren Defeats Rosenberg in Second Balloting for Secretary's Post

Polling 182 of the 331 votes cast, William G. Van Keuren '34 defeated Harold Rosenberg '34 for the secretaryship of the Athletic Association in yesterday's balloting. Thomas J. Harper '34 was elected president of the organization in the initial balloting Wednesday.

As a result of the elections, varsity cross country and lacrosse men will receive major letters in place of the present four-inch minor letters. Lacrosse drew 807 votes favoring the award change, while cross country received 915 favorable ballots.

Light Vote Recorded
Unlike Monday's record ballot, yesterday's voting was below the 350 mark, the number of votes cast totaling a little more than half the number recorded in last year's second A. A. election. Van Keuren succeeds Wayland F. Dunaway '33 in the secretarial post.

H. Keith Parks '34, W. Beiber Rishel '34, Rosenberg, and Van Keuren announced their candidacies in the initial filing of nominees. Parks later withdrew his name from the ballot, leaving three candidates to compete in the elections. Rishel was defeated in the first ballot. Through a misinterpretation of the association's constitution, a two-thirds majority was made the requirement for election to the presidential post. Later investigation revealed that a simple majority was sufficient to elect a candidate to that office, with the result that Harper's majority in Monday's balloting elected him.

HETZEL '33 NAMED VALEDICTORIAN OF GRADUATING CLASS

Baldinger Chosen Salutatorian in Selections of Faculty, Student Committee

HONORS AWARDED UNDER NEW SYSTEM THIS YEAR

Scholastic Standing, Activities Considered—Seniors Take No Action on Funds

Ralph D. Hetzel jr. '33 was named valedictorian of the senior class and Milton I. Baldinger '33 was chosen as salutatorian at a meeting of the committee in charge of making the selections Wednesday night.

Hetzel and Baldinger were two of a group of four that were nominated as candidates for the positions at a meeting of the senior class last week. Other candidates selected at that time were Herbert E. Longenecker '33 and Robert E. Tshan '33.

Committee Members Listed
The awards were made this year under a new system. In former years it was the custom for the retiring president of the senior class and Prof. John H. Frizzell of the division of public speaking to choose the honor men. This year, John A. Wood, senior president, named a committee of four faculty members and four students to make the selections.

The members of the committee included Prof. John H. Frizzell, of the division of public speaking, Robert E. Galbraith, of the department of English composition, Dr. Jacob Tanger, of the political science department, and Dean of Men Arthur R. Warnock. Student members of the group were A. Albert Blaess '33, John H. Good '33, John C. Munch '33, and Harry M. Wilson '33.

No Action Taken on Funds
The awards this year were based not only on scholastic standing, but participation in extra-curricular activities as well. When making their decisions, members of the committee were requested to base their choice on the basis of contributions to undergraduate life here.

Although a senior class meeting was scheduled to be held Tuesday night, an insufficient number of the class appeared to enable any action to be taken regarding the disposition of the balance of \$3,250 remaining in the class treasury. Although definite arrangements have not been made, President Wood said that in all probability a committee would be appointed to decide the question.

DAUGHERTY GIVES FINAL L. A. TALK

Professor of Romance Languages Speaks on "Manuel Ugarte, Anarchist or Patriot?"

Speaking on "Manuel Ugarte: Anarchist or Patriot?" Prof. Paul R. Daugherty, of the department of romance languages, brought to a close the twenty-third annual Liberal Arts lecture series. Professor Daugherty's talk was the sixth of the series.

Ugarte, brilliant critic, and author of several volumes treating with Pan-American affairs, discovered the imperialistic policy of the United States after a study of history and political science in this country, and regarding it as an evil, led a literary war against it.

According to Ugarte, the speaker declared, revolution is the most serious malady in the Latin-American states, and explained that it is caused by the disappointment of natives over the failure of independence, the illegal status of several of the governments, and the instability of their commercial standing.

"Ugarte's object is to present a lesson in patriotism, and he uses the lack of vision which turned over the splendid resources of the countries to foreigners as a lash to urge them on."
