**'Collegian' To Hold
Sophomore Meeting**

Sophomore candidates for positions on the editorial staff of the COLLEGIAN will hold a meeting in the editorial office, Old Main, at 7:45 o'clock tomorrow night. Additional sophomore editorial candidates may report at this time.

Plans for the coming year, including the division of the candidates into two working staffs, will be carried out at the meeting. Regular assignments will also be given to the sophomore candidates.

**CHAPERONES NAMED FOR
DOWNTOWN DORMITORIES**

5 Matrons Appointed by Dean Ray
Who Will Select Others Soon

New chaperones have been appointed in five downtown dormitories while two additional appointments will be made in the near future, according to announcement from the office of the Dean of Women.

The Phi Mu house will be in charge of Miss Catherine Shipman during the coming year, while the women's dormitory at 224 South Frazier street will be chaperoned by Mrs. Lavina Maurer. Miss Elizabeth Wright has been named to take charge of the new Frazier street dormitory.

Miss P. Ankeney has been selected to manage the dormitory at 311 West Beaver avenue. Mrs. Getrude Jackson will chaperone the newly established women's cooperative dormitory which is located at 125 South Miles street.

**COLLEGE ENTERS 10 CATTLE
IN COMPETITIVE EXHIBITION**

Ten Hereford fat steers have been entered by the College in the competitive exhibits of the eastern states which opened Monday in Springfield, Mass., according to Prof. Fred L. Bentley, head of the animal husbandry department.

The ten steers will be exhibited in two groups of five each. Three will also exhibit in the yearling class, two in the summer yearling class, and two in the calf class. Alexander Buchanan, beef cattle herdsman for the College, is in charge of the Penn State exhibit.

**CAPTAIN RECEIVES
LETTER OF PRAISE**

Borntraeger Commended For Good
Judgment, Decision, Leadership
In Combating Serious Fire

Captain Henry W. Borntraeger, of the department of military science and tactics was recently commended by his senior officer in a letter received at the college armory.

The letter states: "The Commanding General commends Captain Henry W. Borntraeger, Infantry, commanding CCC Company No. 378, Strattonville, Pennsylvania, for his good judgment, decision, and leadership in causing his company to assist in fighting a serious fire in Strattonville on the night of July 7, 1933, in such manner as to receive the praise of its citizens.

He directs Captain Borntraeger to express his appreciation of and admiration for the generous and efficient service rendered by the camp medical officer and by officers and men of the company to a community which needed their help."

The letter is signed by Colonel D. Y. Beckam, of the Adjutant General's Department, and is dated July 17, 1933. The whole staff, with the exception of the head of the department of military science and tactics, was engaged in CCC camp service this summer.

**Campus Called 'Most
Beautiful' in Letter
By French Student**

That the beauty of the College campus is becoming widely known is shown by a letter recently received by Dr. Carl E. Marquardt, College examiner, from a student living in the International House, New York.

The writer, a French student, wrote that she had heard a speaker refer to the Penn State campus as "les plus beaux," and for that reason, she wished further information and photographs. She justified her interest by saying "since I know somewhat of the excellent reputation of the gentleman and the extent of his travels, I should like more details."

An illustrated catalogue was sent to the young lady. This is the same catalogue issued to high school graduates who are interested in entering Penn State. It contains outlined courses of study, costs, and other general information, as well as a large number of pictures of the campus and student activities.

Returns To Faculty

DR. CHARLES W. STODDART
Dr. Charles W. Stoddart has returned from sabbatical leave and will again resume his activities as Dean of the School of Liberal Arts. Although he was granted a leave of absence for six months last June, only two were spent in the Adirondack mountains.

Campus Bulletin

Members of last year's sophomore and freshman R. O. T. C. bands will report for practice in the band room Thursday night at 7 o'clock.

Issuance of band instruments will begin tomorrow morning in the basement of McAllister hall and continue for three days. Hours will be from 8 a. m. to 12 a. m. and from 1 p. m. to 4 p. m.

All fraternities should deposit the fifty dollar rushing bond with A. Homer Manwaring '34, Interfraternity Council secretary, at the Pi Kappa Alpha fraternity house immediately.

Sophomore women editorial candidates for the COLLEGIAN will meet in Room 312 Old Main at 1 o'clock tomorrow afternoon.

RECEIVE TERRAPLANE ENGINE

The mechanical engineering laboratory received a 1933 Terraplane, six-cylinder, high speed motor last week which will be used for instructional purposes only. This gift makes a total of seven machines, which were given to the department for practical demonstration before students.

**Prof. Grant Describes Adventures,
Scenery During 23,000-Mile Trip**

"You don't have to go out of the country to see the scenic wonders of the world," Prof. Richard W. Grant, head of the department of music, maintains. Professor Grant returned recently from semester sabbatical leave after traveling nearly twenty-three thousand miles to points of interest in the United States.

"When you look at Grand Canyon, you're looking at the biggest, most impressive natural sight the world can offer," Professor Grant believes. "It's so vast that the imagination can't conceive of anything to equal to it. The silence just 'gets' you."

"Take, for instance, Yosemite Falls," the head of the music department continued. "The water cascades over the falls to a sheer drop of over 1,400 feet."

"And in the United States are the oldest living things in the world—the gigantic Redwood trees," Professor Grant observed. "Those world-important historical events of Biblical times—the exodus of the Jews from Egypt, for example—happened when those trees were mere saplings."

While residing in Hollywood, the music department head experienced several minor tremors of an earthquake. "It felt just like I imagine a rat feels when a dog shakes him. The 'quakes' only last about forty seconds sometimes, but the ground shifts enough to level even the most sturdy buildings."

Professor Grant left for California last semester and investigated courses in music at several western universities. His itinerary included a stop-over at Havana and passage through the Panama Canal.

**HISTORIANS HOLD
CONVENTION HERE**

Gather For First Conclave of Its Kind
Rule, Cadzow Address Group

Speaking on the relation between archeology and Pennsylvania history, Donald A. Cadzow addressed a meeting of the Pennsylvania Historical Association, which was held here recently. Mr. Cadzow is generally recognized as an authority upon archeology, especially that which concerns the territory between the Atlantic Ocean and the Mississippi River.

Dr. James N. Rule, State Superintendent of Public Instruction, presided at a luncheon meeting of the convention. Dr. Rule was representing the State Historical Commission, which with the Pennsylvania Federation of Historical Societies, sponsored the convention.

The historical sessions, which were the first ever held in the State were opened with an address of welcome from Hon. J. Franklin Shields, President of the College Board of Trustees. Dr. Wayland F. Dunaway, of the department of history, presided at a general session on research projects in Pennsylvania history.

The first session of the convention took up general projects such as church history, archeology, work of the D. A. R., and the study of Pennsylvania history in colleges, while the second included illustrated lectures on the iron industry.

**FRESHMAN CLASS CONDUCTS
'GET-TOGETHER' BANQUET**

Approximately 100 freshmen from Varsity, Watts, and Frear halls attended a "Get Together Banquet" in the Old Main Sandwich Shop at 6 o'clock Thursday night. The affair was supervised and planned solely by members of the yearling class with Frederick Stabley '37 acting as toastmaster.

A short talk entitled, "Making A Good Start" was delivered by William E. Graffan '37 as the featured speaker on the evening's program. Charles Griffin '37 was elected treasurer of the association. Plans for a freshman dance orchestra and similar projects were discussed at the meeting.

3 ALWAYS LUCKIES PLEASE

Why do we say "Always Luckies Please"? Well, one reason is that every Lucky is made of choice, ripe tobaccos—the Cream of the Crop. Another reason—Luckies are always round, firm, fully packed—with no loose ends to sputter and spark.

Careful examination and inspection by over 60 precision instruments and 17 alert scientists guarantee unfailing uniformity. That's why Luckies draw so easily, burn so evenly—always mild and smooth. And that's why—"Always Luckies Please!"
