COUNCIL SUGGESTS LESS HONORARIES

(Continued from page one)

Welfare consider the establishing of national chapters only if the petitioning group is a local organization of recognized standing. A further suggestion is that a student hold office in but one honorary or professional organization in order that activities and efficiency may be increased.

The concluding recommendations were that in the future, organizations be listed in the *La Vie* under the foregoing classifications or under a standard amended classification. Further, the Senate Committee on Student Welfare will be asked to set up definitions of the various groups desired in a classification.

You hear a lot today about balanced diet—
...and there's something too in the way *tobaccos* are balanced that makes a cigarette milder and makes it taste better.

I keep coming back to that statement on the back of the Chesterfield package—

CHESTERFIELD CIGARETTES
