Wrestling Intercollegiates To Open Here Tomorrow

(Continued from page one)

Milo Meixwell of Lehigh who has won eight and lost one this year. Six of his decisions have been by falls. He lost only to Jurado of Navy, who will not be here. Frankel, of Harvard, should be another contender by virtue of six victories out of eight bouts. He, too, lost to Jurado.

Roy Case, of Lehigh, seems to be the favorite in the 126-pound class. In eight dual meets, he has been undefeated, although he has only one fall to his credit. Valas, of Yale, and Moore, of Pennsylvania, appear to be the strongest contenders. Both have won four and lost two, Valas registering one fall and Moore two.

Rosenberg Moves Down Weight
Capt. "Rosy" Rosenberg, Lion leader, will probably battle it out with Max Hurwitz, of Cornell, for the 135-pound title. Only fate kept Rosy from the title last year. He held a wide time advantage on Hurwitz until a broken rib forced him to drop the match. In addition, Rosenberg is coming down from the 145-pound division, where he won all five of his matches, two by falls. Hurwitz has won four matches, and three of them were falls. No one else is outstanding in this class.

Gregory, of Princeton, will also defend his 1933 title in the 145-pound class. He has won all five of his matches this year, two of them by falls. One victory was over Gonzales, of Lehigh, who has won six and lost only two, the other going to Minkler, of Illinois. Bill Cramer looks like a logical contender, having won four out of five matches in the 155-pound

class. Moving down a weight should improve his chances.

4 Captains Entered in 155

The 155-pound bouts should prove the highlight of the meet. Four captains are entered in this division—Bishop, of Lehigh; Johnson, of Columbia; Hooker, of Princeton, champion last year; and Haase, of Yale. Bishop has taken eight of his nine victories by falls, and his victims include Hooker and Haase. Johnson has won four and lost four; Hooker took five out of six; while Haase's record shows four victories out of six starts.

"Red" Johnson, Lion 165-pounder, Crockett, of Lehigh, and Treide, of Princeton, will all have to be disposed before Emory. Harvard entry, can keep his season's record of eight victories clean. Johnston has five victories, four by falls, against one defeat. Crockett, competing mainly in the 155-pound class, boasts five victories and two losses, while Treide has taken five out of six.

Harvard Entries Strong
If Ed King, Columbia, enters in the 175-pound class, he will have a slight edge over Lou Kreizman, Lion representative. King has won six bouts, all by falls, while dropping only one. Lou has taken five and dropped one, losing his first bout of the season to King. Captain Ames, of Harvard, is another favorite with eight victories, three by falls.

"King" Cole's withdrawal has left the heavyweight race wide open. Barrows, another Harvard man, has eight victories on a perfect record. Scobey, of Lehigh, has won five of six encounters by falls, but he has also lost three. Snowden, champion in 1932, boasts four victories against a single loss to Frei, N. Y. A. C. heavyweight.

WRESTLING BOASTS COMPLEX SCORING

Individual Winners Receive 5, 3, 1 Points; Fall Counts Additional Tally

The team winner of the wrestling tournament will be determined under a complicated system of scoring. The E. I. W. A. rules provide that individual first place winners receive five points, the second, three points, while third position is awarded one point.

In addition, each grappler scoring a fall is awarded one point, which is credited to his team total. To determine second and third places, the wrestlers defeated by the champion in the preliminary and semi-final wrestle each others; the winner then meeting the defeated finalist.

Can Win Without Champs

Because of this system, the team securing the highest number of individual champions is not necessarily the team champion. It is possible for a sufficient number of second and third places, together with falls, to

clinch a meet for a better-balanced, less spectacular team.

Bouts are ten minutes in length with two extra periods of three minutes each if neither man has secured a time advantage of at least a minute. If neither grappler secures a hold on his opponent in two minutes, the split bout is employed.

A coin is tossed, and the winner signifies his choice of taking the defensive or offensive in a time advantage during a four minute period. The positions are reversed for the last four minutes of the match, and the winner is determined in the regulation manner.

SIGMA PI PLACES FIRST IN I. M. MAT TOURNEY

Chi Upsilon Runner-up; Kappa Sigma Gains Third Position Honors

Sigma Pi won a closely contested intramural wrestling cup last night with forty-six points, while Chi Upsilon placed second with forty-five points, with Kappa Sigma taking third with forty-four points and Phi Lambda Theta fourth with forty-two points.

Stauffer threw Prutzman in the

115-pound class, Clark defeated Leffler on time in the 126-pound division, Horst was thrown by Calvin in the 135-pound bracket, and Light won on a forfeit from Douglas in the 145-pound class because of the Sigma Pi man going overweight.

In the 155-pounders' tussle Rorabaugh won from Buczowski with a time advantage, Bitting threw Klock in the 165-pound class, Pohe lost to Eisenman on time, and O'Dowd tossed Weber in the heavyweight class.

HUNTINGDON WINS CAGE TILT
A strong Huntingdon, High basketball team outclassed South Williamsport High here Tuesday night in the opening game of the P. I. A. A. tournament, 37-20.

MITMEN TO ENTER RING TOURNAMENT

(Continued from page one)

first-round tilt. The winner of this bout will face Mason of Penn who also drew a bye. The final between the winners of the second round fights will take place Saturday night.

Frank Nebel will have a tough customer to handle in the 155-pound division when he stacks up against Hines of M. I. T. The winner of this scrap will meet Keyser of Western Maryland who drew a first-round bye. The other first-round bout will also be interesting since Forte of Army will trade blows with the powerful Negroni of Syracuse.

Only three mitmen are entered in the 165-pound division in which Balash of Syracuse, the defending champion, drew a bye to the final bout in which he will oppose the winner of the bout between Gorski of Western Maryland and Arosemena of Army, both of whom are formidable ringmen.

Another champion will go on trial in the 175-pound division when Bernie Kaplan of Western Maryland, last year's intercollegiate winner, will trade blows with Smith, of Harvard and the winner of the Jensen of Army versus Jeffries of Syracuse scrap in an effort to keep his crown undisturbed.

"I personally express my appreciation of your effort toward keeping Granger fresh till used," writes Mr. H. S. Gray of Wilmington, Del., locomotive engineer on the Pennsylvania Railroad. He says:

"Having opened the package it can be opened and closed repeatedly, without excessive fraying of the edges, assuring that the tobacco can be kept free from moisture and dust.

"I have heard several other locomotive engineers comment very favorably on the new wrapper. I personally express my appreciation of your effort toward keeping Granger fresh till used."

All set! Engineer Gray at the throttle of one of the big "Class M1" engines of the P. R. R.
