Distribution Plan Changed

This increase in FERA jobs occur This increase in FERA jobs occur-red through a change in the clause affecting the distribution of the money to students. Originally, the money was to be divided into two lots, sev-enty-five per cent of which was to finance students in Coffege on Octo-ber 15, 1933, while the other twenty-five per cent was to enable students to return who were not in the insti-tution on January 1.
