STUDENT UNION BULLETIN

All notices will be received at the Student Union desk in Old Main until 5 o'clock Wednesday afternoon for a Thursday issue, and until Saturday noon for a Sunday issue. Additional notices may be phoned to the Old Main COLLEGIAN office on Wednesday and Sunday night.

TONIGHT
All members of the Old Main Bell business staff will meet in the Old Main office at 8:30 o'clock.

TOMORROW
The Social Problems club will meet in the Home Economics auditorium at 7:30 o'clock.

Tickets for the Thespian show, "My Stars," will go on sale at the Corner Room at 6:15 o'clock.

Ryan Lists Year's Primary Reforms

(Continued from page one)

Philadelphia garment company, with the College to receive the benefit of any decrease in the manufacturing costs during the contract period.

The constitutions of Student Board and of Student Council were revised and rewritten for the purpose of clearly defining the powers and duties of each unit. The Student Council constitution will be submitted to the student body for final approval at the class elections this month. The Board plans to have the constitutions of both groups printed in booklet form for future reference.

The Board cooperated with the Student Union Board during the recent honoraries investigations in recommending to the administration that the charters of several of the societies and honoraries be revoked because of a period of inactivity. These recommendations were accepted in several of the cases.

Although of the opinion that a merger of the men's and women's governments here is unnecessary, the Board offered as a solution to the problem of dealing with affairs of mutual interest the establishment of a joint board. Since the proposal was made only recently, the suggestion is still under consideration by both groups.

Several other projects were listed in the government proceedings, including the distribution of cards and propaganda during the campaign for the passage of Amendment No. 8 last fall, the purchase of new Blue Band uniforms, the establishment of a unified bidding system for Druids and Friars, sophomore campus societies, and an intramural program investigation of which is being conducted at the present time.

WEDNESDAY
Interfraternity Council will meet in Room 405, Old Main, at 8:15 o'clock.

Midnight has been set as the deadline for filling lists of active members attending Interfraternity Ball with Karl P. Vfeber Jr., '34 at the Chi Phi house. The \$45 assessment should accompany the lists.

The Pre-Veterinary club will meet in Room 410, Old Main, at 7 o'clock.

A meeting of Kappa Phi Kappa will be held in Room 321, Old Main, at 7:30 o'clock. Prof. Paul R. Daugherty will speak on "Secondary Education in South America."

THURSDAY
Booth drawings for Interfraternity Ball will be made at Student Union desk, Old Main, at 8 o'clock. The \$3 assessment must be paid before the drawings are made.

The business board of the Student Handbook will meet in the P.S.C.A. office at 4 o'clock.

MISCELLANEOUS

The Scarab National Honorary Fraternity will exhibit the work of students from leading architect schools of the country until the first of next week.

REV. KROLL DISCUSSES SOCIAL RESPONSIBILITY

Chapel Speaker Condemns Using Education For Self-Improvement Alone

"Great men have found that life is not something in which to express themselves, but rather a medium through which they can express something else in the universe which is going somewhere," the Rev. William E. Kroll '17, declared in chapel yesterday morning.

The tendency today, he said, is to move from a competitive to a cooperative society, and although the former element will still exist it will be subordinate to the latter. Sheer economic necessity, the speaker continued, is forcing men to think of their neighbor.

In addition to personal, selfish motives, the Reverend Kroll pointed out, there is in human nature a social motive which seeks to make the world a better place than it was before. "Religion and education are meant to develop these larger social values in life," the speaker said in closing, "and must teach social responsibility, not self-improvement."

HIRSCH, WOOD RUN FOR '35 PRESIDENT

(Continued from page one)

Miller, Campus, seek the Agriculture post, while Ray A. Burkett, Locust Lane, will run against Joseph H. Laucius, Campus, in the Chemistry and Physics School race. Education School nominees are Charles G. Burns, Locust Lane, and Frances W. McAndrews, Campus.

Fred P. Davis Jr., Locust Lane, will oppose James A. Carson, Campus, for the 1936 Engineering School Student Council position, while George E. Sperling, Locust Lane, and John E. Binns, Campus, seek the Liberal Arts School post. Mineral Industries nominees are Sheldon Jones, Locust Lane, opposed to Quentin L. Wilcox, Campus.

Six Student Council representatives for the Class of 1937 will be chosen from twelve clique nominees. In the Agriculture School race, Forest Preston II, Locust Lane, will meet Charles J. Hollister, Campus, while Chemistry and Physics School nominees are Carl G. Brodhan, Locust Lane, running against Martin Hart, Campus. Frank A. Ketcham, Locust Lane, will meet William P. Rhoda, Campus for the Education School position.

Nathaniel E. Brown Jr., Locust Lane, will seek the 1937 Engineering School post against John E. Ferguson, Campus, while Robert J. Siegler, Locust Lane, and Raymond A. Byrne Jr., Campus, seek the Liberal Arts School post. Mineral Industries candidates are Jesse F. Core, Locust Lane, and Norman R. Snively, Campus.

George R. Heyl '32, a graduate in geology, has been awarded a Procter Fellowship for next year at Princeton University, according to a letter received by Prof. Chesleigh A. Bonine, of the department of geology. Gilbert H. Espenshade '33, son of Prof. A. Howry Espenshade, head of the department of English composition, has been awarded an assistantship in geology at the same place.

Only top Procter Fellowships are awarded annually and these are assigned to graduate students of at least one year's standing, who have given evidence of ability in graduate work and capacity to engage in research. A. F. Buddington, chairman of the departmental committee of graduate work at the University, notified Professor Bonine of the awards yesterday.

HEYL '32, ESPENSHADE '33 RECEIVE PRINCETON AWARDS

George R. Heyl '32, a graduate in geology, has been awarded a Procter Fellowship for next year at Princeton University, according to a letter received by Prof. Chesleigh A. Bonine, of the department of geology. Gilbert H. Espenshade '33, son of Prof. A. Howry Espenshade, head of the department of English composition, has been awarded an assistantship in geology at the same place.

Hirsch, Wood Attend Convention Of National Student Federation

Condemning the present program of national administration for building up the armed forces of the country, the delegates at the Middle Atlantic division of the National Student Federation of America, held in New York City last week, went on record as favoring the reallocation of Federal appropriations for the training of students as reserve Army officers.

Paul K. Hirsch '35 and Clifford C. Wood '35 represented Penn State at the convention, which was attended by forty-two delegates from seventeen colleges and universities in the Middle Atlantic states. The convention sessions were held at Barnard College and at New York University.

Four questions were voted on at the meeting. The first, "Shall intramural athletics occupy as prominent a place in the College program as intercollegiate athletics?" was answered unanimously in the affirmative. In the discussion which preceded the voting, Hirsch gave a brief summary of the program here.

"Is the present financial assistance given by the Federal government to the colleges and needy students sufficient for current needs?" was the second question. Thirteen schools voted "no" while three voted in the affirmative. The question, "Should this government aid be extended to cover the year?"

DR. GEORGE HARTMANN TO RUN FOR CONGRESS

Psychologist Will Run Unopposed On Socialist Party Ticket

Dr. George W. Hartmann, professor of educational psychology, will be a candidate for Congress on the Socialist ticket in the November elections. Dr. Hartmann termed his candidacy a "purely educational campaign."

Nominated at the district convention of the Socialists in Altoona last month, Dr. Hartmann will run unopposed in the May 15 primary. He will try for the seat of the twenty-third congressional district which includes Centre, Clearfield, and Blair counties.

Dr. Hartmann was graduated from Columbia University in 1924 and was an instructor in psychology there and at Dartmouth College. He was a member of the Social Science Research Council at the University of Berlin in 1930-31. Dr. Frank H. Kees, professor of educational administration, has been named campaign manager.

STUDENT LEAGUE DENIES OFFER OF SCHOLARSHIP

National Body Brands Announcements As Fraudulent Mail Scheme

New York, (N.S.F.A.)—In a statement issued recently from its offices at 114 West 14th Street, the National Student League labelled as fraudulent an announcement regarding scholarships sent out recently from Washington, presumably under its name.

The statement reads: "The District of Columbia police have called to the attention of the National Students League the fact that 'scholarships' to a 'National Student League School' are being offered there, presumably under the auspices of the National Student League, New York City. Five hundred announcements were sent to Deans of various American universities, asking them to post the announcements on their bulletin boards. The Washington Post Office has discovered that this is a fraud and has detained one individual who admits having originated and undertaken the scheme and who has no connections whatsoever with this organization.

"The National Student League, which is an organization of college and high school students throughout the country, hereby declares that it never organized such a school in Washington, never offered such scholarships, and labels this a racket and the use of the mails to defraud. We are requesting the National Student Federation Press Service to release a statement to this effect to every college newspaper in the country. The National Student League asks all people who have been taken in by this bogus 'school' to refuse to have anything to do with it." Several of the announcements referred to were received here and posted.

HIBSHMAN, BEDENK TO ATTEND ALUMNI MEETING WEDNESDAY

Edward K. Hibshman, secretary of the alumni association, and F. Joseph Bedenk, baseball coach, will attend a meeting of Penn State Alumni of McKean, Potter, and Tioga counties at Port Alleghe on Wednesday.

On April 18 Penn State alumni will meet in a special meeting in Scranton, at which time they will be addressed by Steve Hamas and Robert A. Higgins, head football coach.

DENNISTON STARTS LIBRARY

With the intention of eventually writing a history of potato growing, Lloyd T. Denniston, plant pathology extension specialist, has collected the nucleus of a library of potato literature. Two of the oldest books in his library date back to 1846 and 1847.

— what it means — to store

70 million dollars worth of tobacco

— 4½ miles of warehouses

Everything that Science knows about is used in making Chesterfields.

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

the cigarette that's MILDER the cigarette that TASTES BETTER
