LUCKIES are All-Ways kind to your throat

— so round, so firm, so fully packed
no loose ends

We like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they taste better—then "It's toasted"—for throat protection. But we're just as proud of

the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies always "keep in condition"—do not dry out. Luckies are always—in all-ways!—kind to your throat.

"It's toasted"

✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

NOT the top leaves—they're under-developed—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—course and sandy!

Torn between LOVE and DUTY

A young interne finds desire and a great calling tugging at his heart.

Told without theatricalism—a great, real, human drama.

William Lyon Phelps of the Yale Drama School, applauds "MEN IN WHITE" as the best play of the 1933-34 season (it's still running in New York, now in its eighth month)—and the picture is destined to be one of the ten best of 1934!
