Houses Requested To Communicate With High School Students, Urging That They Visit College on May 19

Fullest support of all the fraternities in making "Penn State Day" on May 19 successful was requested by the committee on arrangements in their meeting Tuesday afternoon.

All fraternities are asked to communicate with students who are being graduated by high schools this June, others who expect to enter colleges in the fall, and all alumni and invite them to visit Penn State on that day.

Programs to Serve as Passes  
Present plans include a full day of activities for the visitors. Upon arrival at the College they will go directly to the Student Union desk, where they will register and be assigned to various fraternities for their meals. They will also be given identification tags.

### I. F. C. TO CONTACT 1938 CANDIDATES

Will Send Pamphlets Explaining Aspects of Penn State Fraternity Life

Planning an innovation this year as an aid to both the fraternities and to the incoming freshmen in September, the Interfraternity Council will distribute pamphlets and a letter of explanation regarding Penn State fraternities to the accepted candidates of the class of 1938.

These pamphlets will tell of the aspects of fraternity life, including approximate costs, requirements for admission to them, and contain a list of questions which are to be answered and returned. The questions will deal with name, address, school, religious preference, and previous connections of family with fraternities.

Wolff '34 Proposes Plan  
Nine men were added to the committee to assist in the compilation of this pamphlet. They are: Earl G. Keyser jr. '35, A. Kenneth Maier '35, George H. Milligan '35, Vernon D. Plate '35, E. Dudley Townsend '35, Henry D. Crown jr. '36, Robert F. Dyson jr. '36, John A. Keech '36, and Joseph P. Swift '36.

Visitors to Inspect Schools  
Between 10 and 12 o'clock in the morning, tours of the campus will be conducted by outstanding men of the various schools. These men will be named by the deans.

An elaborate visiting program is planned for these tours. Prospective students will inspect the schools in which they are interested. In each of the schools a number of demonstrations of the various phases of work being carried on will be given.

To Receive Maps of College  
All laboratories will be open for inspection as well as classes. The offices will also be open and College officials will be prepared to meet any who wish to discuss their plans for next year.

Signs will be placed about the campus identifying the buildings. At the time of registration the visitors will be given maps of the College and of State College.

The afternoon program will include the annual Interscholastic track meet, baseball with Gettysburg, track with Syracuse, lacrosse with Cornell, freshman baseball with Cook Academy, and freshman track with Syracuse freshmen.

Between 2:30 and 3:30 o'clock the Women's Athletic Association will conduct the annual "Play Day" in conjunction with six other Pennsylvania colleges. From 4 to 5:30 o'clock there will be swimming at the Glensland Pool, which has been reserved for the occasion.

In the evening President Ralph D. Hetzel will give a short welcoming address to the visitors in Recreation hall at 7:15 o'clock. This will be followed by an "athletic circus."

A sixteen-minute basketball game will be played by the varsity, four exhibition boxing bouts will be given, and four wrestling matches will be run-off.

During the "circus" the Blue Band, the Glee Club, and the Men's Quartet will provide musical interludes. There will be no admission charge for the evening events.

Letters are being sent to alumni of the College and to principals of high schools all over the State requesting them to tell their students and friends of "Penn State Day" and ask them to attend. Alumni clubs throughout the State will be notified by Edward K. Hibshman, Alumni secretary.

### SCHOLARSHIP DAY PROGRAM PLANNED

Exercises Will Feature Awards, Honorary Elections; Zook To Deliver Address

Presentation of awards for scholastic achievement and the formal announcement of elections to academic honoraries will feature the annual Scholarship Day exercises on May 12, as part of the Mother's Day celebration.

Dr. George F. Zook, newly-elected president of the State University of Iowa, will be the principal speaker at the exercises. Dr. Zook, formerly head of the department of history and political science here, and now United States Commissioner of Education, will assume his new duties on Tuesday when the resignation of the former head, Dr. Walter A. Jessup, becomes effective.

Senior To Get White Medal  
The Evans Pugh Scholarships, established last year by the Honor Society Council, will be awarded, five seniors receiving gold medals and five juniors, silver ones. The President Sparks medals, awarded each year to the two students who have earned the highest grade-point average for either of the last two semesters, will in all probability be awarded to more than two persons this year, as several ties exist in the standings.

The senior student standing highest in all-around attainment will be awarded the John W. White medal, while three members of the graduating class will be given John W. White fellowships. These fellowships are to be based not upon need, but upon distinctness of plan for further study and the ability of the student to carry out the work undertaken.

Elections to Phi Eta Sigma and Alpha Lambda Delta, national freshman scholastic honoraries, will be formally announced, as well as the winner of the award for the year's outstanding program of research, Dr. Jonathan W. White, of the department of agronomy. Phi Eta Sigma's local chapter will present gold medals to the two professors who have accomplished the most notable research work in social and in natural science studies.

OMICRON NU HOLDS INITIATION  
Omicron Nu, senior home economics honorary, will hold initiation for its newly-elected members tonight in the Home Economics building.

### DANCE TO FEATURE MOVE-UP DAY PLAN

Affair Saturday Night Planned In Attempt To Increase Student Interest

Replacing the former Move-Up Day exercises, the first Move-Up Day dance will open in Recreation hall at 8:30 o'clock Saturday night with music being furnished by Duke Morris and his orchestra.

During the intermission at 10:15 o'clock, the new class officers will be introduced and Skull and Bones and Parisi Nous will hold their formal tapping ceremonies. Duties period, President Ralph Hetzel will speak at this time.

The affair, which is sponsored by the Student Board and Student Council, will be open to all students, alumni, and friends, and only charge will be a checking fee of five cents per person. The grading class, as guests of honor, will be distinguished by flowers, to be furnished by the committee.

The dance is in addition to the lack of attendance at the Move-Up Day ceremonies. During the past several years, the exercises have taken place before a meager number of spectators and are added by campus leaders to have been farce.

The dance is co-incident with the first annual Alumni Moving Day, which has its purpose in the securing of an advanced number of students who are sons and daughters of College alumni. All visiting men as well as their friends will be invited to attend the dance.
