### Local Sleuth Guards Exhibit of Valuable Rare Banking Notes

Guarded over by a heavily mustachioed campus patrolman who sits in an unobtrusive corner reading an Action magazine, 508 pieces of paper money whose face value is \$25,000 and which were issued from 1789 to 1866 by various private and town banks rest safely in the cases of the Exhibit Room, second floor of the library.

The exhibit, which will be on display until the end of the month, was loaned to the library by their owner and collector, D. C. Wismer, numismatist of Hatfield, who says that the collection is invaluable from the collector's point of view.

Arranged alphabetically according to the town of issue, the bank notes fill every bit of available space in the exhibition cases. Most of the notes are enclosed in cellophane envelopes to prevent them from wear and look as though they had just come from the engravers.

The exhibit is open daily from 2 to 10 o'clock, including Sundays. This is the first time that any exhibit on the campus has ever been guarded by a special patrolman.

**THE LITERARY DIGEST** acclaim it with an AAAA rating — its highest award.

In some magical way Elizabeth Bergner makes the character of Catherine more alive than you would think any embodiment on the screen could be!

Handsome film! Elizabeth Bergner goes through her scenes with rare dignity and accomplishes miracles with her large eyes and expressive lips!

Handsome and lovely, dramatically impressive and beautifully acted drama of striking skill and power. Elizabeth Bergner plays with a thrilling combination of emotion, honesty and technical brilliance. One of the distinguished dramas of the season!

### Mechanical Engineering Department Nets First Entry for Class of '38

Benjamin Saia, of Huntingdon, is the first student to accept admission in the class of 1938. Saia was graduated from high school in 1931 but was unable to enter college because of lack of funds. He is planning to study mechanical engineering.

With the admission of the first student of the class of 1938, Registrar William S. Hoffman starts his eleventh year as admissions officer of the College and has entered his 12,167th student. The first student he admitted, George J. Bair, is still with the College; obtaining his bachelor's degree in 1927 and his master's degree in 1930. He is now an assistant professor of ceramic engineering.

As in the case of Saia, Registrar Hoffman admits a small number of earlier high school graduates each June high school classes. In general, applications for admission may be filed at any time after graduation from high school.

Room 305, Old Main, at 7 o'clock.  
**MISCELLANEOUS**  
There is a considerable amount of football equipment no longer usable by varsity and freshman teams, which may be of use to fraternity and unit groups. Anyone interested in securing some of this material should call at Director Hugo Bezdak's office for further information.

### Graduates of Past Decade Leave Many College Memorials

Members of the senior class will meet soon to determine what will be done with the \$1,000 surplus in its treasury. As a possible guide to show how this money had been disposed of in the past, the following list has been drawn up. All but the first of these gifts have been donated by the classes of '17 and '18 were responsible for the erection of the memorial gateway at the Allen Street entrance to the campus. In 1923 approximately \$160 was spent to help defray expenses of the Bond Issue Campaign. The remainder of the surplus, \$2,500, was used to help maintain the X-ray room in the College infirmary.

The class of 1924 presented the College with a Stief Concert Grand Piano which is now in Schwab auditorium. The balance of the class fund was sent aside to be used to rebuild the piano whenever necessary. In 1925 money was donated for the building of the gateway at the Pugh Street entrance. This entrance was not constructed until last year.

The residue of the damage funds from the years 1927-1931 was transferred to the fund for the class memorial winter sports development at Thompson Springs, which is located at the East end of town. The surplus from the treasuries of the past two classes has been applied to the Student Loan Fund.

### GLENNLAND DRUBS LEWISTOWN CLUB

Local Natators Take 6 Firsts While Y.M.C.A. Captures 2, Friday Night

A flashy Glennland swimming team, composed entirely of students, turned in a surprise 50-to-25 victory over Lewistown Y. M. C. A. at the local pool Friday night. They hung up six firsts in eight events, while the visitors only registered two. Captain Dick Geiger starred with two firsts and an anchor man in the relay.

In the evening's opener, the 240-yard relay, Lou Hinman, Gene Lasko, Will Hemingway, and Dick Geiger won in 3 minutes, 22 1/10 seconds, defeating D. Shepherd, Swyers, J. Sheperd, and Dolan, of Lewistown.

Geiger Wins Backstroke  
Hinman garnered 82.3 points to take the diving, followed by Ray Parks, Glennland, with 77.6 tallies, and Lindsay, Lewistown, with 67.4. Hen Dern, Glennland, turned in a time of 35 seconds to grab the 60-yard

### freestyle. Lesko took second and Crier, Lewistown, third.

In the 90-yard backstroke Captain Geiger reached the finish mark in 1 minute, 17 seconds. Hinman was second followed by Sprout, Lewistown. The visitors scored their first victory of the evening in the 90-yard breaststroke, when Lindsay led Miller and Lesko in 1 minute, 18 seconds.

Hen Dern won the 180-yard freestyle, closely followed by Sprout, Lewistown, and Walker, Glennland. The time was 2 minutes, 57 1/2 seconds. Dick Geiger scored his other victory in the 90-yard freestyle in 57 3/5 seconds. Dolan and J. Sheperd, Lewistown, nosed out Hemingway for the other two positions.

A game try by Hen Moulthrop, which had the crowd out of their seats, in the last lap of the 180-yard medley relay, fell short by inches as Lewistown took this final event in 3 minutes, 15 seconds. Lou Lazzarini swam backstroke, Miller, breaststroke, and Moulthrop, freestyle, for Glennland, Swyer, Lindsay, and Dolan in that order, competed for the visitors.

### GEOGRAPHERS HONOR MURPHY

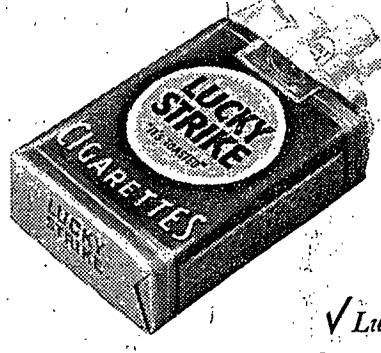

Dr. Raymond E. Murphy, of the department of geography, was recently elected to the Association of American Geographers. Membership in this association, being based entirely upon research and publications, is one of the highest honors available to geographers in the country. His recent works have dealt with the economic aspects of several parts of the State, in relation to their geographic possibilities.

### Luckies are all-ways kind to your throat

WHEREVER the finest tobaccos grow in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means only the clean center leaves. The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These clean center leaves are the only ones used

in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. Naturally, Luckies are always in all-ways kind to your throat.
