

### College Eliminates Bad Spots in Walks

The College campus is in better condition now than it has ever been, George W. Ebert, superintendent of grounds and buildings, said this morning in outlining projects being completed. Numerous "bad spots" in the system of walks and drives over the campus are being eliminated.

A new concrete walk is being laid on North Drive across from Recreation hall to meet the diagonal path leading from the rear of the library. This new by-path will permit pedestrians to cross to the gymnasium at right angles rather than to cut through the parking space.

A concrete flight of steps has been constructed as an approach from College Avenue between Engineering Units C and D to supplant the former wooden steps which were in bad condition.

Other walks being constructed are of asphaltic concrete, the type of pathway installed when a projected new building lies in its course. Another new walk has been laid along the east side of Burrows Street from College Avenue to the parking space behind Engineering F. Another will replace the temporary wooden planks that were laid between the athletic practice fields and the East stands of Beaver field. This walk will be placed farther south than formerly.

Mineral Industries to South Liberal Arts is the course of another asphaltic path and Liberal Arts to rear of Women's Building is the second. Another path now being paved lies between the Horticulture building and Park Avenue, replacing the present cinder path. Grading and seeding between the Engineering units and College Avenue, painting and other maintenance work complete the series of improvements.

### 10 Years Ago . . .

T. V. Letunovitch and M. Dudko have petitioned the Student Tribunal for exemption of customs, claiming that it is hard for them to understand the English language and thus would inconvenience them greatly to take them.

Miss Marie Haidt, recently elected as head of co-ed physical education, is outlining a program which will produce considerable enthusiasm and interest in athletics among the girls.

Within the near future the unsuspecting freshmen will be called from their beds and marshalled in streets of State College preparatory to their initiation to Penn State's Stunt Night.

Sophomores will be called upon Saturday to organize and supervise a Clean-Up campaign in which all freshmen will be enlisted to take an active part.

Because of abuse of the excuse privilege in the case of morning chapel, no student will be granted an excuse from the daily service because of conflict with his outside work.

Because of the lack of understanding and sympathy with the status and character of advanced R. O. T. C., the military department is making a special effort to enlist more juniors in the work.

Pop-In Night was observed by the co-eds here Sunday night. From eight until ten o'clock, the old girls popped in on the new and often homesick freshmen.

Before the football game Saturday the cheerleaders are planning to sell megaphones to spectators at the price of twenty-five cents per megaphone.

The Tie-Up Scrap will be held on November 1, according to the committee named to plan such occasions.

With the purpose of devoting a full day to potato culture, the School of Agriculture will hold its annual Potato Day on Thursday.

### Penn State's Backfield Twins

Pictures that bring memories of State's hey-day on the gridiron; an era that seems ready to flourish again under an athletic "New Deal." Here are Coop French, Yutz Diedrich and Phil Moonves, warriors all.

### Customs Suspended For Collegian Dance

Freshman customs will be lifted from all first year students who attend the first 'Collegian-Froth' dance in Recreation hall on October 6, according to Arthur R. Warnock, Dean of Men. Since the dance is an all-college affair, all freshmen are eligible to attend.

A popular campus orchestra will furnish the music. October 5 is the night following the Lebanon Valley football game and it was selected because the staffs felt that there is a serious lack of all-College dances during the early part of the fall, and that this would help relieve the situation.

### 125 Students in L. A. School Get FERA Aid

American literature, the latter under Dr. William S. Dye, head of the department of English literature, will give employment to four or five more students.

Construction of mathematical models for use in classroom demonstrations, grading of papers, and a survey of the mathematics placement test given to freshmen are numbered among the projects to be worked out by the mathematics department under Dr. Frederick W. Owens, head.

Cataloguing and indexing of musical numbers will be carried on under Director Richard W. Grant, of the department of music while the journalism department will employ five or six men in newspaper research work, completion of the Liberal Arts alumni files, and miscellaneous work in the publicity office of the College.

A study of the social attitudes of non-fraternity men as compared with those of fraternity men completes the

### 1,000 Men Will Enter 5 Extension Schools

Approximately 1000 persons will begin work in the five evening branch schools of the department of engineering extension in the near future. Schools are located in Allentown, Erie, Reading, Scranton, and Wilkes-Barre.

Registration in Reading and Scranton opens this week, work beginning on September 27; while classes in Allentown begin on October 5. In Erie and Wilkes-Barre classes will open Friday.

Three-year courses in the practical aspects of engineering are taught in each school, the particular courses offered depending on the special needs of that locality.

Civil, electrical, industrial, mechanical, aeronautical, and textile engineering courses will be given in a three-year term as well as a course in business administration. Work in mathematics, mechanical drawing, and English is given in some of the branches along with the other courses.

### CAMPUS BULLETIN

Yom Kippur services will be held in Room 405 Old Main, at 5:30 o'clock this afternoon.

Sophomores and former members of the Blue Band will meet in the Blue Band room, fourth floor of Old Main at 7 o'clock.

Candidates for assistant manager-ships in lacrosse should sign up in Miss Keller's office in Recreation hall at once.

All campus bulletins should be left at the Student Union desk in Old Main not later than noon preceding the date of issue for which they are intended.

### University Fashions

It makes a fellow feel confident to know that he is well turned out—and that the wardrobe he has selected is undeniably correct.

Stark Bros. and Harper, ever mindful of this fact, offer you fashions that are dictated by Penn State's best dressed men.

### Cohen '26, Signs for Weekly Talk on KDKA

Harold W. Cohen '26, credited by many with being the foremost movie and dramatic critic in Pittsburgh newspaper circles, has been signed for a weekly series of talks on KDKA.

Cohen will give the air audience his impressions of the latest pictures and plays; will tell interesting anecdotes about the stars of screen and stage, and will personally interview various celebrities from week to week.

The program will start Friday night, September 21, at 8 o'clock. After the first week they will be on the air each Friday night at 8:15 o'clock.

Harold Cohen, a native of Pittsburgh, was graduated from the Pennsylvania State College in 1926. He immediately secured a job on the old Pittsburgh Post, and in 1929 after the Post and Gazette Times had consolidated, was made movie editor.

In 1931 the Post-Gazette inaugurated a theatre column under Cohen's by-line, and this fall Cohen was made dramatic editor covering both the screen and stage.

Always intensely interested in movies and their production and problems, Cohen has spent three of his recent vacations in Hollywood. As guest of Dick Powell, he has met the major producers and actors on the west coast and even took minor parts in recent film productions.

### Mens' Womens' Glee Clubs Plan Tryouts

Tryouts for the men's glee club will be held in Schwab auditorium on Wednesday night at 7 o'clock. Director Richard W. Grant, of the department of music, will take charge.

On the following night, in the same place, and at the same time, the women's glee club tryouts will be conducted. Both freshmen and upperclassmen are eligible to try for their respective clubs.

### 4 Instructors Named

Four instructors recently were appointed to fill vacancies on the staff of the College. Lowell Beasley and Floyd P. Smith were named instructors in forestry, Carl H. Schofer received an appointment as part time instructor in engineering extension, and L. D. Skinner will fill a vacancy in the department of English composition.
