"What is it, Joe, a new dance?"
"No—an underwear shakedown."

Don't let your underwear make a shimmy dancer
out of you. Change to Arrow's Seamless Crotch
shorts—the comfortable kind, that allow for free
and easy movement. They'll never twist, bind or
creep up on you. Here's real comfort for... **65c**

Let's find out why Turkish tobacco is so important to a good cigarette

On the sunny slopes of
Smyrna . . . in the fertile
fields of Macedonia . . . along
the shores of the Black Sea
... grows a kind of tobacco
that is different from any
other tobacco in the world.

THESE Turkish tobaccos
are the only tobaccos of
foreign cultivation that are
used to any great extent in
making American cigarettes.

Turkish tobaccos are famous
for their spicy aroma, and a
blend of the right kinds of
Turkish tobacco with our own
home-grown tobaccos is better
than any one kind used alone.

In Chesterfield we balance
mild, ripe tobaccos grown
in this country with just the
right amounts of the right
kinds of Turkish.

It is by blending and cross-
blending these different tobac-
cos that we make Chesterfield
the cigarette that's milder, the
cigarette that tastes better.
