to the quantity of food eaten, and the bearing of the facts on the measurement of food values; the determination of the mineral requirements of milk production; studies of the protein requirement of chickens, of the utilization of the iron of protein foods, of the iodine requirements of farm animals, etc., etc.

A unique study of recent date was one conducted at the request of the State Department of Forests and Waters, on the nutrition of the white-tailed deer.

5 Deans Interviewed On Student Cutting

(Continued from page one)

and if the students will take the proper interest in the course, cutting will be the matter to the discretion of the take care of itself."

School of Agriculture
Dean Ralph L. Watts — "It seems to me the present arrangement with reference to students cutting classes is very satisfactory. I believe that most of the instructors of the School of Agriculture are generous in their attitude toward students cutting classes who are doing excellent

work."
"On the other hand they are not so tolerant with students who are below grade and who do not take their work with very serious intentions. I believe it would be a mistake to make a hard and fast rule relating to this matter."
Director Hugo Bozdek, of the School of Physical Education, and Athletics, could not be reached because he was attending a district convention of the American Coaches' Association in Philadelphia this past week-end with Head Coach Robert A. "Bob" Higgins.

Directory of Campus Organizations Issued

A fifteen-page mimeographed directory listing all fraternities, campus political organizations, honor societies, class officers, councils, committees and other groups has been issued by the Student Union and may be obtained at the Student Union desk, Old Main, by student leaders free of charge.

The list was first issued by the Student Union in March last year and proved so popular that it may become a permanent publication. Copies were distributed to fraternity house presidents through Interfraternity Council. Any student may consult the directory at the Student Union desk.

They ought to know—

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard. Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.

the cigarette that's MILD
