

Milk Dealers Consider Lininger's Researches
 Researches carried on by Dr. Fred F. Lininger, of the department of agricultural economics, expected to result in recommendations for a permanent state milk control system, applicable to all conditions and fair to all interests have attracted the attention of the Pennsylvania Milk Dealers' association.

Twisting the Dial

WEAF-660 WGN-720 WJZ-760
 WABC-860

All Times Eastern Standard
 TODAY

Foreign press correspondents air opinions on world affairs at 2 on WJZ... their strategic posts should make them well-informed... another talk in the "You and Your Government" series, this time by ex-Governor Winant of N. H., on WEAF at 7:45... Frank Munn plus a concert orchestra yields pleasingly saccharine melody at 8 via WABC... Lawrence Tibbett's stirring voice comes to you at 8:30 on WJZ... Ginger Rogers and Joan Bennett are competing guests on the Ben Bernie and Bing Crosby shows respectively—and the time is 9 on WEAF and WABC, respectively... "Lady in Ermine," with its wealth of grand tunes, is slated for WEAF at 10—take a tip and give an ear to this well-staged hour...

TOMORROW
 Mary Pickford's play of the week is that perennial favorite of long ago, "Daddy Longlegs," and dial WEAF at 8 for it... Funnyman Fred Allen has a swell show on WEAF at 9, except when he hands it over to the amateurs—some are good, but most

of them actually reek... petite Lily Pons, soprano, sings with the Kostelanetz crew at 9 on WABC, if semi-classical music is more to your taste... Ricardo Cortez, of moon pitcher fame, will act as narrator for the Lombardoland program when they hit Hollywood—catch them on WEAF at 10... chances are, you'd rather get the premiere of Jack Pearl's new show at the same time on WABC—Jack has dropped the Baron role, and will play the part of a German innkeeper—Freddie Rich's band and Patti Chapin, singer, will handle the musical angle...

THURSDAY
 For our premature enthusiasm about the new College Prom show, we offer apologies... Red Nichols and Ruth Etting work wonders as far as they're concerned, but there is entirely too much rah-rah atmosphere smacking greatly of the studio—but if you will listen, it's on WJZ at 7:45... this all-girl ensemble under the baton of Phil Spitalny is worthy of a flock of roses—Maxine has a voice in a million and all the girls are top-notch instrumentalists as well as singers—dial WABC at 8 and see... Fred Waring—but who listens to, radiate this...

CAMPUS BULLETIN

THURSDAY, FEB. 14th
KDKA-7:45 P. M., E.S.T.
 Tune in every week at the same time. N. B. C. Blue Network.

Ray Noble, celebrated English composer and conductor, will open a new series a week from tomorrow on WEAF at 10:30. For a while Noble marked time by writing music for the movies in Hollywood because the Union officials wouldn't let him play in this country. Their differences having been adjusted, this creator of both fantastic and sweet rhythms, will be heard for twenty-six weeks.

DON BESTOR, Maestro on the Benny program, has been broadcasting for over thirteen years. —MIKE

A Valentine Present for you and your friend.

A section of the department where Chesterfield tobaccos are blended and cross-blended.

Just what is meant by cross-blending tobaccos... and how does it make a cigarette milder and taste better...

Well, in blending you take two or more tobaccos and mix them together—a rather simple process. But cross-blending goes a step further...

IN making Chesterfields we take aromatic Turkish. Then, instead of just mixing the tobaccos together, we blend and cross-blend them so that all the different flavors go together into one full flavor—the Chesterfield taste that so many smokers like. Cross-blending tobaccos as it is done in Chesterfields gives the cigarette a pleasing taste and aroma—they're mild and yet They Satisfy.

Then, in addition to these home-grown tobaccos we take tobacco grown in Turkey and Greece. We balance these mild, ripe home-grown tobaccos with the right amounts, and the right kinds of
