

Blue Band Musicians To Play for Goldman

Two members of the Blue Band have been invited to play with the Altoona Junior Band, when Edwin Frank Goldman, famous American bandmaster, will conduct that organization in a concert at Altoona, February 26, Major Wilfred O. Thompson, bandmaster announced today.

She-Lions

Only five senior women have reported this season for practice for the swimming team, and fifteen juniors have come out. The sophomore and freshman groups have the largest showing with eighty girls reporting regularly.

Four hundred and eighty-two points were piled up by the women's rifle team last Thursday in their match with four other colleges. The competing groups were the University of Nebraska, Nevada, Illinois, and Kansas State College.

The five highest individual scores which were the only ones counted were: Dot Woodward, 98; Fran Paschall, 97; Jerry Jennison, 96; Dot Fish, 96; Frances Conklin, 95. The next in order of scoring were Elsie Douthett, 93; Mary Taylor, 93; Alma Doran, 93; Kitty Wagner, 92; and Georgia Powers, 81.

Girls who will compete in next Thursday's match will be selected after the regular Tuesday practice. The competing colleges next week will be Massachusetts State, Rhode Island State, University of Kentucky, and Drexel Institute.

Schedules for all winter intramural sports will be posted today in Mac hall.

'38 BASKETEERS DEFEAT WYOMING QUINTET, 45-31

Out-fighting, out-scoring, and out-playing the Wyoming Seminary five, the Lion freshmen basketball team collected their first victory of the season, 45-to-31, in Recreation hall Saturday.

The Lion cuts held a 25-to-16 advantage at half time, and kept the Seminary team from scoring a field goal during the entire third quarter. Michoff, State forward, led his teammates with five field goals, while Rioski, Wyoming forward, was high scorer of the contest with a total of eleven points.

CLASSIFIED

LOST—At Rec Hall Saturday night. Brown Malloy hat. Finder please call Kenneth Lyons at 55 or leave at S. U. Desk. 1tcompBKL

'Daddy' Groff Working Miracles On Lingnan University Campus

If the barren wastes of inland China are verdant Gardens of Eden when next you visit that ancient land, you can credit the miracle largely to the efforts of "Daddy" Groff '07, Dean of the School of Agriculture at Lingnan University, Canton, China.

Groff, after twenty-five years of service at Lingnan, is now in Florida, collecting trees and plants suitable for introduction into China. In Florida, which has a climate similar to that of China, he hopes to find living plant material that can be propagated and shipped to improve the flora there.

One of the principal accomplishments has been the introduction of numerous plants and vegetables, chiefly to guard against the periodic ravages of famine that sweep the over-populated country. One feature has been the introduction of the Hawaiian papaya, excellent as a food plant, although never used before. This fruit, somewhat like the banana, is gaining popularity as a table fruit.

Another contribution has been the Siam banana, an attractive and nutritious variety which is spreading widely. The spread of the eucalyptus tree has been noteworthy, since there were only two or three trees of that

genus in China ten years ago. Now a survey undertaken by the government reveals that there are over 10,000,000 of this species in the province. The Chinese admire the tree especially because it is disease resistant and because it is an excellent source of firewood, important in a country so barren of both plant life and easily attained minerals.

The avocado, or alligator pear, of South America and Mexico, has proved successful on the Lingnan campus, and now awaits the opportunity for the collection and testing of suitable varieties. The high food value of this plant makes it desirable for the country.

Other plants being introduced are several varieties of lemons, oranges, and the pumelo. The University also possesses one of the finest collections of bamboo in eastern Asia. All these plants serve as a nucleus for propagation and distribution work, but many new and rare plants must also be introduced.

"Daddy" Groff's work at Lingnan has been aided materially from the beginning in 1908 by the contributions of the Sunday morning chapel, and is one of the oldest traditions of the campus.

Glennland Team Sets 4 New Tank Records

Four Glennland pool records fell Friday night when the Glennland swimming team defeated the Altoona Y. M. C. A. swimmers 47-to-19. The Glennland team took first place in all the events but diving, in which McLaughlin, Altoona, nosed out Hart, Glennland, by a scant two points.

Gil Burleigh cut the 90-yard breaststroke time from one minute, 14 seconds to one minute, 11 seconds. Jerry Weinstein set the new time for the 90-yard freestyle at 55 seconds as compared to the old time of 56 and 5/10 seconds. In the relay, Dern, Keech, Walker, and Geiger cut the old record of one minute, 2 and 2/10 seconds to one minute, one and 8/10 seconds. The 210-yard freestyle time fell from 2 minutes, 44 seconds to 2 minutes 33 seconds with Henderson swimming in first.

Glennland place winners: 120 yd. relay—won by Glennland. (Keech, Dern, Walker, Geiger); Diving—second—Hart. 50 yd.—first, Hart, third, Walker. 90 yd. breaststroke—first, Burleigh, second, Lesko. 210 yd.—first, Henderson, second, Dewalt. 60 yd. backstroke—first, Geiger, third, Burleigh. 90 yd. freestyle—first, Weinstein, second, Krassner.

Lion Gymnasts Top Panzer College, 35-19

Penn State's gymnastics team opened its season with a 35-to-19 triumph over Panzer College Saturday afternoon in Recreation hall, winning first places in four out of the six events and enough second and third places to clinch the meet.

Whitey Anderson gave the Lions a victory in the horizontal bar event, Syd Mann won the parallel bar event, Pete Lektrick the rope climb and Mattie the tumbling event. Bower of Panzer won the flying rings and Brunt of Panzer the side horse event.

Wells, national A. A. U. champion, accompanied the Panzer team and gave an exhibition of tumbling. Since he is a freshman, he was not eligible to compete in the meet.

CAMPUS BULLETIN

TONIGHT Editorial and art staff candidates for Froth will meet in the Old Main office at 8:45 o'clock.

Fraternity Counselors association will meet at Delta Sigma Phi at 8 o'clock. The Junior College Movement, Its Probable Effect on Fraternities will be discussed.

Frear Given Fellowship For Parliament Study

Mary R. Frear, instructor in history, arts and science extension, has been awarded a research fellowship by the American Association of University Women. The awards were made by a committee of eight women scholars of which Emilie J. Hutchinson of Barnard College is chairman.

Miss Frear received her fellowship for a study of the personnel of the House of Commons in the Long Parliament and an analysis of the social, economic and political background of its leaders.

Turf Superintendents To Hold Meeting Here

Meeting for their seventh annual conference, golf course superintendents and others interested in the production of fine turf grasses will open sessions here today which will continue until Friday noon.

A joint committee of golf course superintendents and representatives of the School of Agriculture have arranged the program which will include cultural problems, identification of plant materials, fertilizers and their use, soil conditions and control of insects and diseases.

When you need an excuse to stay a little longer... I'm your best friend I am your Lucky Strike

LUCKIES USE ONLY CENTER LEAVES CENTER LEAVES GIVE YOU THE MILDEST SMOKE

I give you the mildest smoke, the best-tasting smoke. You wonder what makes me different. I'll tell you. It's center leaves. I spurn the little, sticky, top leaves . . . so bitter to the taste. I scorn the coarse bottom leaves, so harsh and unappetizing. I am careful of your friendship, for I am made only of the mild, fragrant, expensive center leaves.
