

# Sophomores Win Track Meet; Redmond '38 Takes 4 Firsts

## '37 Trackmen Score 57 Points; Freshmen Capture 2nd With 49; Murphy '37 Garners 3 Victories

Werner Pleased by Improvement of Records Over Last Year; Luttringer, Downey Also Win for Sophomores.

Scoring a total of fifty-seven points, the sophomores won the annual inter-class track meet Saturday. The freshmen with forty-nine points, were sec-

ond and the seniors and juniors third and fourth with seventeen and ten points respectively.

Jim Redmond, freshman flash from Philadelphia, was the individual star, taking first places in four events: the high jump at 6 feet 1 inch, the broad jump at 21 feet 8 inches, the 110-yard high hurdles in 16.2 seconds, and the 220 low in 26 flat. Redmond was an outstanding high school performer and was recommended to Coach Werner by an alumnus. He is also a quarter-mile and will probably run on the freshman-mile relay team at the Penn Relays.

### New Material Looks Good

Ian Murphy, a sophomore transfer student from the University of Puerto Rico, was another outstanding performer. He captured first in the discus with a 132 feet 8 inch heave, first in the javelin with a 167 foot throw, first in the shot at 43 feet 1 inch, and also took a third place in the broad jump.

Despite the cold weather and the fact that the track was in poor shape, the records were for the most part better than those made in a similar meet on the twenty-fifth of April last year. Several of the veteran performers did not compete Saturday and the new material looks very promising. The team is still weak in the hurdles and pole vault, however.

In the high jump, won by Redmond, Barnes '37 took second, and Zarger '37 third. Barnes also won second in the broad jump. Bauer '38 and Thompson '37 were second and third in the high hurdles; Osterlund '37 and Rosenberger '37 took second and third in the low hurdles.

Sigel '35 took second in the discus and Cromwell '37 third. Priolo '38 and Bauer '38 were second and third in the javelin. Brown '37 and Sigel took second and third in the shot.

Results of other events were: 100-yard dash: Luttringer '37 first, Mills '38 second, Stewart '36 third. Time: 10 seconds flat. 220-yard dash: Roth- ernet '38 first, Cessna '36 second, Stewart third. Time: 22.3 seconds. 440-yard run: Downey '37 first, Sittler '38 second, Markowitz '37 third. Time: 51.8 seconds. 880-yard run: Harvey '35 first, Walker '37 sec-

## '38 Baseball Men Over-run Beaver Field in Practice

First Two Games of Season Indefinite; Houck Will Not Cut Squad

By BILL McDOWELL

With 110 freshmen trying out for berths on the freshman baseball team this past week under the discerning eye of Coach Leo Houck, things are so crowded on the southeast corner of Beaver Field that you can't run from home to first base without bowling over a couple of infielders.

The first two games of the season, one of which will be away, have not yet been definitely arranged. The other games will be Dickinson Seminary on May 11, Germantown Academy on May 18, Bucknell Freshmen on May 25, and Wyoming Seminary on June 1.

Last year's freshmen won five games and lost one to the Bucknell yanigans after thirteen innings.

Coach Houck has decided not to cut the squad all season except for the team he takes to Mercersburg because, as he points out, it is practically impossible to see exactly what a man has got with so many out who must be given an opportunity to show their stuff. About twenty other freshmen are expected to come out for the squad at the conclusion of spring football practice after Easter.

Outstanding candidates for pitcher are Ford, Simoncelli, Bolder, Wirt, and Schmidt.

Ford, especially, will bear watching. He is a right hander six feet three and a half inches tall and weighs 220 pounds. He turned in a record of twenty-four wins and five losses pitching for West Newton in the McKeesport Daily News League last summer. Simoncelli also has a good high school and sandlot ball record.

Haarde '37 third. Time: 2 minutes 1.6 seconds.

Results in the mile were: Wear '38 first, Trimble '37 second. Time: 4 minutes 47 seconds. 2-mile: Alexander '35 first, Olexy '38 second, Detwiler '37 third. Time: 10 minutes 5 seconds. Hammer throw: Miller '36 first, Keon '38 second, Brown '37 third. Distance: 130 feet 2 inches. The pole vault was a three-way tie for first place at 10 feet 6 inches between Benion '35, Clifford '37, and Dibert '37.

## Women in Sports

The last of the winter intramural sports were played off in the Armyory Thursday night. Grange dormitory won the volleyball championship by easily defeating Alpha Chi Omega, 32-to-19, and trouncing Women's building by the large score of 30-to-14.

The shuffle board title also goes to Grange. After defeating Delta Gamma, 27-to-12, in the semi-final round, the final was won by a forfeit from Theta Phi Alpha.

Plans for spring sports will be discussed by the W. A. A. board tonight. Intramural and W. A. A. rules for the coming season will be explained and a report on the intramural winter sports will be presented.

All girls interested in junior or class baseball managerships should sign up on the Mac hall bulletin board.

## Hamas' Hardest Punch Leaves Prince Smiling

Steve Hamas, who recently dropped his chances for the heavyweight boxing championship to Max Schmeling, former holder of the title, recently visited the home of the one-time Crown Prince Friedrich Wilhelm of Germany and held a lengthy conversation with him on the art of boxing, hobby of the German royalist.

In the course of the discussion, the Crown Prince invited Steve to "Punch me there," indicating his solar plexus. Steve, who complied to the strange request, declared later that "it was my hardest punch, too, and right in the stomach," but the Prince merely smiled and resumed the conversation.

ord. He pitched a no-hit, no-run game in an industrial league game in Saratoga last summer. Jageman, Croisson, Stover, and Klipstein looking promising behind the plate.

Among those competing for infield posts are: Corchin, Myers, Tosti, Angstadt, Edwards, Keller, Bronstein, Manbeck, Robbins, and Steckel.

In the garden at one time or another can be found Donato, Zong, Bachrach, Dillio, Igo, Gilchrist, Costello, and James.

Courses in "Use of Leisure" will be offered next year at Whitman College.

## Lacrosse Team Practices Daily With Coach Thiel

Hackett, Robeson, Rumbaugh Form Backbone of Lion's Attack This Season.

By HARRY HENDERSON

With the opening game not too many weeks away, things are shaping up rapidly on the Penn State lacrosse team which has been working out daily under the tutelage of Coach Nick Thiel for the past month.

Prospects for another winning stick team look very good, especially since some of last year's mediocre material has suddenly taken on a rather brilliant shine. James Hackett, attack, has developed into a first rate player and, coupled up with Tony Robeson and Eddie Rumbaugh, should do some good work this spring. Backed by a strong reserve material these men will probably form the backbone of the Lions' attack.

Goalie Position Cinched

Two of the sophomores who are looking good in the practice sessions are Dud Himoff and Eisenman. Last year they were the mainstays of the freshman team. McClaron, Woody Douthett, and Johnny Kilfoil are another set of last year's varsity men who look much better this year than did even at the end of the season.

Aside from the position of Captain Iggy Weber as either first or second defense, the only job on the team which is really and truly sewed up

is that of goalie. And George Gerber has that position cinched if anyone ever had. His spectacular playing last spring, running the ball into enemy territory instead of throwing it to his attackmen, made him a most formidable foe and one that was a constant source of trouble and bewilderment to every opposing team.

## 10 Students Will Seek John W. White Awards

Examinations for the three John W. White \$100 Scholarships in Spanish will be taken next week by about ten students. Two are for proficiency in Spanish; the other is given to the Latin-American student who has shown the most proficiency in English.

Either sophomores or juniors are eligible to take the examination. One scholarship will be given to a member of the Engineering or Mineral Industries School. The other will go to someone from any of the other schools of the College.

PHI EPSILON KAPPA (Professional Physical Education) Clyde H. Cole '34 Joseph W. Bielicki '36 Arthur F. Davis Penrose P. Miller '36 Paul W. Bachman '37 Israel L. Richter '37

Columbia University physicists last year undertook to measure the size of the neutron during the past year. This is one of the newer sub-atomic particles, having mass but no electric charge. Its diameter was fixed at .000000000001 inch.

## Penn State Men On Your Visit to NEW YORK

Stop at a new, modern hotel, where the modest rates give you more to spend on other things — and, popular with college men and women.

Conveniently located in the smart Beekman Hill section, overlooking the East River — 5 minutes' walk from the Grand Central or Times Square Zones.

All Rooms Outside Single from \$2.00 a day Attractive Weekly or Monthly Rates Roof Solarium—Game Rooms Cocktail Lounge Restaurant
