Syrup-voiced Kenny Sargent To Sing With Peewee Hunt at Prom May 3

Peewee Hunt and Kenny Sargent will be featured vocalists with Glenn Gray and his Casa Loma orchestra when the band plays for Junior Prom in Recreation hall on May 3. Both singers have been with the band since it was organized several years ago and are charter members in the corporation by which the organization conducts its business.

Gray, whose real name is Glenn Gray Knobaugh, has been president of the corporation since its foundation. He does not lead in front of the orchestra but plays lead saxophone.

The contrast in the voices of the two vocalists, emphasized through the distinctive arrangements of Eugene Gifford, guitar player, is a factor in the success of the Casa Loma recording. Hunt specializes in the "ride" type of number while Sargent has a voice that could be poured on a waffle.

Among The Greeks

Kappa Delta Rho: Eta Kappa Nu, honorary engineering fraternity, held a rushing smoker at the house last Wednesday night.

Phi Sigma Delta: Dean Charles W. Stoddart, Morris Fromm, fraternity advisor, and Charles M. Schwartz jr. '36 were speakers at a Founders' Day banquet last Friday night. A radio dance was held on Saturday night.

Sigma Pi: House elections—Bernard A. Riley '36, sage; Robert H. Small '36, first counselor; William I. Gilbert '36, second counselor; Edwin L. Singley '36, third counselor; Walter S. Radcliffe '36, fourth counselor; and James E. Hackett '37, herald.

Tau Phi Delta: Honorary members initiated recently—Doctors Wallace E. White and Eldred R. Martell, of the forestry department. House elections—Franklin J. Moyer '36, president; Raymond R. Moore '36, vice president; and H. Merrill B. Galloway '36, secretary.

Tau Kappa Epsilon Wins Bridge Tourney

Tau Kappa Epsilon defeated Phi Kappa Psi in the final of the interfraternity bridge tournament at the Nittany Lion Inn last Wednesday night. By virtue of their victory, they will be the first possessors of the silver loving cup offered to the champions by the Nittany Lion Inn.

The competition, sponsored jointly by the Inn and the Interfraternity Council, was in the hands of Mr. John P. Lee, manager of the Nittany Lion Inn, Major George M. MacMullin, assistant professor of military science and tactics, Clyde H. Graves, of the department of mathematics, and Harold W. Kalb '35, student manager.

The winners piled up a 3300 point lead. Members of the team are: James L. Smith '36, Allen S. Russell '36, Frederick W. Zahn '37, and Woodrow W. Ott '36.

Students Plant Seeds

Over 2500 seedlings, obtained from the State Forest Nurseries, are being planted on the college farms by forestry students. The purpose of the project is to replant areas in which the trees have died and also to provide material for experimental work.

Vote Machines Prove Successful, Set New Record for Elections

The use of voting machines in the recent class elections was a distinct success in the opinion of John A. Brutzman '35, chairman of the elections committee. "This is evidenced by the fact that a new record was made in the number voting. This record was set despite the long lines which were formed before the machines," he said.

Only one innovation was suggested for next year by Brutzman. This was to provide the Deans of all Schools with a printed slip which could be filled out for students who have lost their matriculation cards. Considerable trouble was caused this year when certain Deans declined to give this information from their offices.

"You will not that no violations were reported or penalties inflicted," Brutzman added. "It might be that the committee was less attentive than previous ones, but we all felt that the elections were conducted in a fair manner. One or two violators were noted, but they were in the same class in opposite cliques, and so counter-balanced one another."

Brutzman also believed that the system introduced this year whereby members of the committee checked the poll books was very satisfactory. He pointed out that much of the confusion of previous years was thus eliminated.

Bezdeck Delivers Talk

Hugo Bezdek, director of the School of Physical Education, gave a talk on "Playgrounds and Recreation," at a meeting of the Berks County Official's association, in Reading, last Friday.

**There is no need for a lot of whangdoodle talk about cigarettes — just plain common-sense**

When you stop to think about your cigarette—what it means to you—here's about the way you look at it—

Smoking a cigarette gives a lot of pleasure—it always has.

People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste—and plenty of it.

In other words—you want it to Satisfy.

*Scientific methods and ripe mild tobaccos make Chesterfield a milder and better-tasting cigarette. We believe you will enjoy them.*
