Local Historians Awarded Honors

Martin, Stevens Receive Places On Committees; Dunaway Holds Council Post.

Two Penn State history instructors were appointed to committee posts at the third annual meeting of the Pennsylvania Historical Association in Pittsburgh last Friday and Saturday.

Dr. Asa E. Martin, head of the history department, was made a member of the committee on policy. Prof. S. K. Stevens was appointed to a place on the membership committee. Prof. Wayland F. Dunaway will continue as a member of the council of the association.

During the past year Professor Stevens was a member of the program committee. Professor Dunaway was chairman of one of the general conference meetings Saturday morning dealing with archives and research in Pennsylvania history. Prof. Burke M. Herman, also of the history department, presented a paper Friday evening on "The Constitutional Struggle in Pennsylvania, 1776-1790."

Professor Herman's paper is concerned with the fourteen year struggle on the part of the old governing clique to regain control of the government, which, as the result of a coup d'etat in 1776 passed into the hands of the democracy whose strength lay in the back counties. The adoption of a new state constitution in 1790 registered the success of the movement.

The Pennsylvania Historical Association was organized here in April 1933, after a series of conferences called by Dr. Martin during the preceding year. A Pennsylvania Historical Convention met here in September, 1932, and it was out of these preliminary meetings that the present association developed.

Netmen To Play Pitt Team Here

Green, Block, Smith Will Form Nucleus of Lion's Squad For Opening Meet.

By PHIL HEISLER
With only three players sure of a place in the starting line-up, the Nittany net team will open its season with Pitt on the College courts tomorrow afternoon at 2:30 o'clock.

The three regulars of last year, Captain Nels Green, Pip Block, and Jimmy Smith will form the nucleus of the team. Competition has been so close for the other positions that with only the three nights of real practice, Coach Stover has not yet determined the other players.

Whether or not Dot Anderson, stellar co-ed player, is eligible for the varsity team is as yet undetermined. If she is declared eligible she will probably compete in the singles competition. Miss Anderson has been working out daily with the varsity.

Over fifty candidates reported for the tennis squad. Out of these aspirants, Coach "Dink" Stover expects to uncover several new stars. The tennis team has an eight-game schedule this year, including meets with Pitt, Carnegie Tech, Bucknell, Johns Hopkins, Navy, Dickinson, Syracuse, and Cornell.

A picture that strikes Home!

The story written by a Pennsylvania man, Judge M. A. Musmanno of Pittsburgh—The action photographed in Pennsylvania—The plot dealing realistically with the most pressing problem of Pennsylvania... the situation of the coal miners. Gripping realism, proving that the movies still have some intestinal fortitude (guts) left!

Mild Ripe Tobacco...
Aged 2 years or more...

- the farmer who grows the tobacco...
- the warehouseman who sells it at auction to the highest bidder...
- every man who knows about leaf tobacco—will tell you that it takes mild, ripe tobacco to make a good cigarette; and this is the kind we buy for CHESTERFIELD Cigarettes.

All of the tobacco used in CHESTERFIELD Cigarettes is aged for two years or more.
