FOUND—Black Ever-sharp Pencil, gold band in center. Initials E. R. S. Owner may have by calling at Student Union Desk and paying for this ad. 81-1tSLUF

Nittany Linksmen Tie Panthers, Beat Tech Divot-diggers, 8 to 1

Pitt Captain Averages Defeat Handed Him Year Ago By 'Chick' Beyer.

By BOB GRUBB Avenging a previous defeat, Regis Wolff, debonair Pitt coach and captain, eked out a 2 and 1 victory over Co-captain Lloyd (Chick) Beyer as the Lion golf team battled to a 4½ to-1½ tie with the Panther linksmen Friday afternoon at Pittsburgh. The Lions had little trouble in beating Carnegie Tech, 8-to-1, in their meet Saturday morning.

The Beyer-Wolff rivalry started here last year when the Lion co-captain defeated Wolff, 2 up in a match which was not decided until Beyer shot a birdie on the eighteenth hole. The two rivals played on even terms for the first nine holes in Friday's match, but Wolff shot a 33 to Beyer's 36 on the back nine to triumph.

Co-captain Tommy Marshall, number 2 State man, finished even with Art Matthews, but Pitt took the best ball of the foursome, 2 and 1.

Hunter, Walsh Tie Score George Menard lost to John Wasko, of Pitt, 4 and 3, but Don Masters scored a 4 and 3 victory over Paden Gamble of Pitt. The best ball of the foursome went to Pitt, 1 up.

A late finish by the lowest ranking members of the Lion team gave the Nittany linksmen their tie. With Pitt leading, 4½ to-1½ at the end of the first two foursomes, Jim Hunter and Mason Walsh came through to capture three points against their Panther rivals to tie up the score. Walsh defeated John Bryan, 2 and 1, and Hunter won over Bob Mease, 4 and 3, while the doubles match went to the Lions, 4 and 3.

Tech Falls, 8-to-1 The Lion divot-diggers got back into the swing of things on Saturday morning when they defeated the Tartan golfers, 8-to-1, winning all the individual matches and best ball competition with the exception of one.

Tech's only point was gained in the first foursome when George Stewart, Tech number 2 man, halved with Co-captain Tommy Marshall, while Stewart and his partner, Charles Kay, halved with Marshall and Beyer for the best ball of the foursome. Beyer defeated Kay, 4 and 3.

Menard defeated Speyer, 4 and 3, and Masters beat Palley, 6 and 5. The best ball of this foursome went to Penn State, 5 and 4. Masters shot the low for the day, a 78.

Walsh won over McKenzie, 5 and 4, and Hunter beat Boskamp, 5 and 3. Penn State took the best ball contest, 5 and 4.

The Wall Street Centre of New York University is offering a special course on the current problems of finance and banking.

'38 Track Squad Loses to Cornell

By JOHN BRENNEMAN Although Jim Redmond, State freshman, was easily the outstanding star of the meet, the '38 track squad lost to Cornell's freshmen by a 75½ to-59½ score.

Redmond competed in four events and won four first places. He took the high hurdles in 16.6, the low hurdles in 27.1, the high jump at 6 feet 2 inches, and the broad jump with a leap of 20 feet 10¾ inches. "Redmond is easily the outstanding freshman performer we have had here for years," Coach Werner said after the meet. "Even in winning four events, his times and distances were inferior to those that he has made here in practice."

The other first places taken by the Lion freshmen were in the discus, won by Cornman at 127 feet 11 inches and the hammer, won by Koon at 111 feet. "Almost without exception the boys are capable of better marks than they made," Werner said.

Weakness in the sprints and distance events, caused largely by the ineligibility of several runners, lost the meet for State. Except for the 100-yard dash, where Rothermell took second and Mills third, the freshmen were unable to place more than one man in any of these events. Rothermell took second in the 220, Wear was second in the 440 and third in the 880, Clark was second in the mile, and Daugherty captured second in the 2-mile.

Other point winners for State included: Bauer, second in the low hurdles and third in the high; Priolo second in both the javelin and discus; Shaffer, third in the hammer; and Cramer, a tie for third in the pole vault.

Coach Werner expects his yearling squad to make a better showing against Pitt this Saturday since the nervousness that goes with their first meet will be over.

Women in Sports

Betty Springer '36, newly elected president of women's athletic association, and Marion Barbey '37, secretary of the same organization, will leave tomorrow to attend the convention of the Athletic Federation of College Women at Grove City College, Grove City, on Thursday and Friday. The purpose of the convention is to organize a district organization of the A.F.C.W.

Class baseball games have been postponed from time to time because of the poor weather. It is expected that they will play off the junior and senior game some time this week, providing the weather permits.

According to the plan submitted by intramural and class managers, all class games will be played at 4 o'clock and intramural games at 6:30 o'clock.

Speedball practice will begin as soon as weather permits.

Dot Hall '36, intramural manager of golf, announced that all but two names have been submitted for the intramural golf tournament. It is expected that the first matches will be played off sometime this week. All women's sororities and dormitories will be represented.

Milk Gives Good Test

According to a report released by the creamery dairy authorities, a recent examination by the division of bacteriology, of milk produced on the college farms shows it to contain only 690 bacteria per cubic centimeter, whereas 10,000 is the number allowed. The herd has also been certified free from tuberculosis.

To Judge Debate Finals

Prof. Harold F. Graves, of the department of English composition, and Joseph F. O'Brien, coach of the men's varsity debating teams, left for Kent, Ohio, where they will assist in judging the final debate contest of the National Forensic League. The contest will conclude Friday.

Everything that Science really knows about making cigarettes is used in making CHESTERFIELDS LIGGETT & MYERS TOBACCO CO. The cigarette industry could never have been what it is except for these modern cigarette machines . . . They make good cigarettes and smokers know each individual cigarette receives the most careful inspection. You'd hardly believe such attention to detail possible unless you could see it with your own eyes. When the Chesterfield tobacco comes to the cigarette making machines it has been blended and cross-blended. Then it is cut into long even shreds just the right size to smoke right and burn right. Every Chesterfield Cigarette has to be perfectly made to get by our inspectors. Until you open the package yourself the cigarettes are scarcely touched by human hands. Mild ripe tobaccos, skilled workers and the most modern up-to-date machinery all help to make Chesterfield the cigarette that's milder, the cigarette that tastes better. © 1935 LIGGETT & MYERS TOBACCO CO.
