

### INTRAMURAL HIGHLIGHTS

By TOWNE SWALM

Beta Theta Pi won the intramural track meet with a score of 40, followed by Ian Murphy with a score of 32, and Beta Sigma Rho with 22, on New Beaver field Tuesday. You say that you never heard of the Ian Murphys? Well, let me explain that it is not a fraternity, but a one-man track team.

Murphy, a junior transfer from the University of Puerto Rico, was the outstanding performer of the meet, capturing six first places and a third for his fraternity, Chi Phi. Incidentally, Chi Phi's second place score was 36 because Ian's eight brothers who were also in the meet added four points to his total.

Fourth place in the meet went to Phi Delta Theta with 22½ points, fifth to Sigma Nu, winners of the

track trophy for the past two years, with 21½ points, and last place to Sigma Phi Epsilon who although posting a team, failed to enter any men in actual competition.

#### Track Events

In the century, the only event Murphy entered which he failed to win, Zahn, Beta Sigma Rho, was first to break the tape, followed in order by Markowitz, Beta Sig, and Murphy, Chi Phi. Time 10.5. Zahn, the Beta Sig dash flash, also captured the 220 in 23.3, with Sigel, Sigma Nu, and Vanderslice, Chi Phi, taking his dust.

Blessing, Beta, manager to get over more hurdles in faster time, 29.4, than any other entrants in the 220 hurdle event. Barret, Sigma Nu, and Perry, Beta, ran a dead heat for second place. Markowitz won the quarter in 55.6, with Ludwig, Beta, and Gehr, Phi Delt, trailing.

Markowitz did a repeat in the two lap feature, with Harding, Beta, and Packard, Phi Delt, taking second and third. Time 2:10.5. In the mile grind, Harding, had practically no competition; Walker, Sigma Nu, second; Vanderslice, third. Harding was clocked at 5:13.

After much argument, the mile relay was run as a mile relay and not at half that distance as a few of the contestants desired. Right from the gun it was all Beta Sigma Rho, until after the last baton was passed, when the Phi Delt's made a brief, but determined, challenge, although to no avail. First, Beta Sigma Rho, second, Phi Delta Theta, third, Beta Theta Pi.

#### Field Events

Walters, Beta, was the only man to clear 10 feet in the pole vault. Getz, Phi Delt, who has won the event for the past three years, was forced to take second place with Gans, another Beta, third.

In the remaining six events nobody had a chance, it was just a question of what house was going to get the second, third and fourth-place points. Man Mountain Murphy, who didn't even seem to be extending himself, took the broad jump, high jump, shot put, javelin, discus and hammer, just as fast as the officials could run the events off.

Following up Murphy's 18 foot 9 inch broad jump was Cosgrove, Phi Delt, and Reichenbach, Beta Sig. In the high jump, Cosgrove and Ludwig

led for second; Murphy cleared 5 feet 2 inches and could have gone much higher. Over six feet behind Iron Man Murphy's 42 foot 9 inch shot put was Rose, Beta Theta Pi, with Palmer, Sigma Nu, behind him.

Only in the javelin was the Chi Phi menace threatened, Madison, Sigma Nu, took second with a toss that was plenty close to Murphy's 165 foot 6 inch heave. Third place went to Massey, Beta Theta Pi. With a throw fully 23 feet behind Murphy's 129 foot 2 inch discus heave, Rose took second, and Palmer, third.

Ninety-nine feet one inch was the winning hammer heave, with Scott, Phi Delta Theta, second, and Myers, of the same house, third.

An artist friend sends us this—

Gentlemen:

I wish I had bought myself 10,000 Sanforized-Shrunk Arrow Shirts a few years ago and put them in a safety vault, instead of some of the things I went in for.

The Amalgamated Coat Hanger that I bought at 47 is now 17. My Consolidated Cookie Cutter which I took on at 122 is now 19. United Crutch on which I loaded up at 93½ is now 5½. International Medicine Dropper came into my life at 87½--it's now around 20.

All my assets have shrunk save my Arrow shirts. As investments go, they're the only non-fluctuating, non-shrinking, non-choking, --satisfaction-bearing, comfort-yielding buy that I know.

Sincerely,

don herold
