# Wants Second Period Lengthened by 1 Day

Continuance of the fifty-cent rush-ing fee for freshmen and also the preference card system in the Intermg refer to resiminate and also be preference card system in the Interfraternity Council rushing code was advocated by E. Jack Ambrogi '36 council rushing chairman, in an interview with the COLLEGIAN today. "While it is not definite that these two points will be continued in the code, it is highly probable that these features will be written into next year's code," Ambrogi said.

"Some difficulty was experienced in distributing bid cards to freshmen," Ambrogi said, stating that fractrnity men who congregated in Old Main and around the Student Union desk added to the confusion as bid cards were being given out.

Advocates Fifty-Cent Fee

Advocates Fifty-Cent Fee
"The fifty-cent fee helped the council finances materially," Ambrogi stated. Printing of date and bid cards, as well as other expenses incurred during rushing season will be taken care of through the fund set up by this fee. Because of the difficulty in distributing cards through the Student Union desk, Ambrogi suggests distributing them through the student counsellors.

Regarding the curtailed second period, the rushing chairman suggested that this period of open rushing be extended by one day, in order to give freshmen more time to consider the houses rushing them. The length of the first period is adequate, in AmbrogTs-opinion.
